The Centers for Medicare & Medicaid Services (CMS) ("us," "we," or "our") operates the patient provider dispute resolution process (the "PPDR Site"), including forms to be used by parties to payment disputes available on <https://nsa-idr.cms.gov/billdisputes/>. Users may also download forms and submit them by mail or secure fax. Users may also submit the forms electronically by uploading the document to the PPDR Site. The information on this page tells you about our policies regarding the collection, use and disclosure of Personal Information we receive from users of the form. It also includes specifics about Personal Information and other information that may be collected about you when you use the PPDR Site. A separate [[PPDR Website Privacy Policy and Terms of Use](#)] provides more information about CMS website privacy information for the PPDR Site, which you should also read and be aware of how information is collected and used when on the PPDR Site.

Permission for information submitted on PPDR forms

When submitting PPDR forms to the PPDR Site or directly to a selected dispute resolution entity, you represent that you are authorized to submit the form, as well as to receive any communications about the payment dispute, its status, or a final decision related to the payment dispute. For example, if you submit the PPDR form to initiate a payment dispute, you represent that you are authorized to initiate the dispute on behalf of the patient who received the services at issue in the dispute, or by another party responsible for paying for the services at issue in the payment dispute (such as the patient's parent, guardian, court-appointed representative or other authorized representative).

Patient Provider Dispute Resolution Process Privacy Act Statement – effective January 1, 2022

CMS, pursuant to a delegation of authority from the Secretary of the Department of Health and Human Services (HHS), is authorized to collect the information on this form and any supporting documentation under section 2799B-7 of the Public Health Service Act, as added by section 112 of the No Surprises Act, title I of Division BB of the Consolidated Appropriations Act, 2021 (Pub. L. 116-260). This law directs the Secretary of HHS to establish a process under which uninsured (or self-pay) individuals can avail themselves of a patient provider dispute resolution process in certain circumstances to contest the amount of a bill received from a provider or facility.

We need the information provided about parties to a payment dispute to process requests to initiate payment disputes under the Patient Provider Dispute Resolution (PPDR) Process and to otherwise support resolution of payments disputes and our oversight of the PPDR process. The information will be used to verify the eligibility disputes for the PPDR process. If a dispute is found to be eligible, the contact information provided will be used to send the parties to a dispute a notice identifying the certified select dispute resolution (SDR) entity assigned to decide the dispute. Select information provided will be shared with the certified SDR entity, C2C Innovative Solutions, Inc., and the parties to the dispute for consideration and for the purpose of enabling the certified SDR entity to make a payment determination. We will also use the information as part of the ongoing operation of the PPDR program, including managing and reporting on the PPDR process, performing oversight and quality control activities in relation to certified SDR entities and their conduct of patient provider disputes. We may also use the information to evaluate whether an SDR entity has any conflicts of interests that would preclude

it from deciding a dispute. The information may further be used to combat fraud and noncompliance within the PPDR process, to support reporting on and management of the PPDR program, performing oversight and quality control activities, and responding to any concerns about the security or confidentiality of the information.

Providing the requested information is voluntary. But failing to provide it may delay or prevent processing of a dispute, or it could cause a dispute to be decided in favor of the other party. If any person fails to provide correct information on this form or knowingly and willfully provide false or fraudulent information, you may be subject to a penalty and other law enforcement action.

In order to process disputes within the PPDR process, we will need to share with persons or entities outside of CMS selected information you provide, including to:

1. A selected dispute resolution (SDR) entity, C2C Innovative Solutions, Inc., that we have contracted with to decide disputes. The SDR entity will only use this information for the purpose of deciding disputes;
2. Other CMS and HHS contractors engaged to perform a function related to or in support of the Patient Provider Dispute Resolution program, including contractors who will support the payment of PPDR administrative fees;
3. All parties to a dispute and their authorized representatives, including providers and facilities identified as having provided a Good Faith Estimate, but after furnishing care, sending a bill that was \$400 or more than the Good Faith Estimate;
4. Other Federal agencies that are responsible for implementing and overseeing the Patient-Provider Dispute Resolution program, including the Department of Labor, the Department of the Treasury, and the Office of Personnel Management; and
5. Anyone else as required by law or allowed under the Privacy Act System of Records Notice associated with this collection entitled, "Complaints Against Health Insurance Issuers and Health Plans (CAHII)," System No. 09-70-9005, 66 FR 9858 (Feb. 12, 2001), as amended, 83 FR 6591 (Feb. 14, 2018).

This statement provides the notice required by the Privacy Act of 1974 (5 U.S.C. § 552a(e)(3)). You can learn more about how we handle your information at: <https://www.cms.gov/nosurprises/privacy> .
