Future Developments

For the latest information about developments related to Form 8611 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8611.

Purpose of Form

Use this form if you must recapture part of the low-income housing credit you claimed in previous years because the qualified basis decreased from one year to the next or you disposed of a building, or your interest therein, and you did not follow the procedures that would have prevented recapture of the credit.

Decrease in qualified basis. The decrease may result from a change in the eligible basis or the applicable fraction. For example, a decrease in qualified basis may exist when units are not occupied by income-qualified tenants under section 42(i)(3)(A)(ii), units are not rent restricted under section 42(g)(2), units are not suitable for occupancy as described in section 42(i)(3)(B)(ii), or the project no longer meets the minimum set-aside requirements of section 42(g)(1).

Building dispositions. Disposing of a building or an interest therein will generate a credit recapture, unless it is reasonably expected that the building will continue to be operated as a qualified low-income building for the remainder of the building's compliance period.

See section 42(j) for more information.

Note: If the decrease in qualified basis is because of a change in the amount for which you are financially at risk on the building, then you must first recalculate the amount of credit taken in prior years under section 42(k) before you calculate the recapture amount on this form.

To complete this form you will need copies of the following forms that you have filed.

- Form 8586, Low-Income Housing Credit (and Form 3800, General Business Credit, if applicable);
- Form 8609, Low-Income Housing Credit Allocation and Certification (or predecessor, Form 8609, Low-Income Housing Credit Allocation Certification);
- Form 8609-A, Annual Statement for Low-Income Housing Credit (or predecessor, Schedule A (Form 8609), Annual Statement); and
- Form 8611.

Note: Flow-through entities must give partners, shareholders, and beneficiaries the information that is reported in items C, D, E, and F of Form 8611.

Recapture does not apply if:

- You disposed of the building or an ownership interest in it and you satisfy the requirements for avoiding recapture as outlined earlier under *Building dispositions*;
- You disposed of an ownership interest in a building you held through a partnership to which section 42(j)(5) applies;
- The decrease in qualified basis does not exceed the additions to qualified basis for which credits were allowable in years after the first year of the credit period; or

- The qualified basis is reduced because of a casualty loss, provided the property is restored or replaced within a reasonable period.

Recordkeeping

In order to verify changes in qualified basis from year to year, keep a copy of all Forms 8586, 8609, 8609-A (or predecessor, Schedule A (Form 8609)), 8611, and 8693 for 3 years after the 15-year compliance period ends.

Specific Instructions

Note: If recapture is passed through from a flow-through entity (partnership, S corporation, estate, or trust), skip lines 1–7 and go to line 8. However, section 42(j)(5) partnerships must complete lines 1 through 7.

Item F. If the building is financed with tax-exempt bonds, furnish the following information: (1) name of the entity that issued the bond (not the name of the entity receiving the benefit of the financing); (2) date of issue, generally the first date there is a physical exchange of the bonds for the purchase price; (3) name of the issue, or if not named, other identification of the issue; and (4) CUSIP number of the bond with the latest maturity date. If the issue does not have a CUSIP number, enter "None."

Line 1. Enter the total credits claimed on the building for all prior years from all Forms 8586 (before reduction due to the tax liability limit) you have filed. Prior to the December 2006 revision of Form 8586, the credits (before reduction due to the tax liability limit) were reported in Part I. Do not include credits taken by a previous owner.

Line 2 Worksheet (* Line reference is to Form 8609-A (or predecessor, Schedule A (Form 8609)).)

a	Enter the amount from line 10*	a	
b	Multiply a by 2	b	
c	Enter the amount from line 11*	c	
d	Subtract c from b	d	
e	Enter decimal amount figured in step 1 of the instructions for line 14*. If line 14* does not apply to you, enter -0-	e	
f	Multiply d by e	f	
g	Subtract f from d	g	
h	Divide line 16* by line 15*. Enter the result here	h	
i	Multiply g by h . Enter this amount on line 2. (If more than one worksheet is completed, add the amounts on i from all worksheets and enter the total on line 2.)	i	

Line 2. Determine the amount to enter on this line by completing a separate Line 2 Worksheet for each prior year for which line 7 of Form 8609-A (or predecessor, Schedule A (Form 8609)) was completed.

Line 4. Enter the credit recapture percentage, expressed as a decimal carried to at least 3 places, from the table below.

IF the recapture event occurs in . . .	THEN enter on line 4 . . .
Years 2 through 11333
Year 12267
Year 13200
Year 14133
Year 15067

Line 6. Enter the percentage decrease in qualified basis during the current year.

For this purpose, figure qualified basis without regard to any additions to qualified basis after the first year of the credit period. Compare any decrease in qualified basis first to additions to qualified basis. Recapture applies only if the decrease in qualified basis exceeds additions to qualified basis after the first year of the credit period.

If you disposed of the building or an ownership interest in it and did not satisfy the requirements for avoiding recapture as outlined earlier under *Building dispositions*, you must recapture all of the accelerated portion shown on line 5. Enter 1.000 on line 6.

Note: If the decrease causes the qualified basis to fall below the minimum set-aside requirements of section 42(g)(1) (the 20-50 test, the 40-60 test, or the average income test), then 100% of the amount shown on line 5 must be recaptured. Enter 1.000 on line 6. If you elected the 40-60 test for this building and the decrease causes you to fall below 40%, you cannot switch to the 20-50 test or the average income test to meet the set-aside requirements. You must recapture the entire amount shown on line 5.

Line 7. If there was a prior recapture of accelerated credits on the building, do not recapture that amount again as the result of the current reduction in qualified basis.

Line 9. Figure the unused portion of the accelerated amount on line 7 by:

Step 1. Totalling the credits attributable to the building that you could not use in prior years.*

Step 2. Reducing the result of step 1 by any unused credits attributable to additions to qualified basis.

Step 3. Multiplying the result of step 2 by the decimal amount on line 4.

Step 4. Multiplying the result of step 3 by the decimal amount on line 6.

Step 5. Enter the result of step 4 on line 9.

* Generally, this is the amount of credit reported on line 1 of this Form 8611 reduced by the total low-income housing credits allowed on Form 8586 or Form 3800 for each year.

Line 11. Figure the interest separately for each prior tax year for which a credit is being recaptured. Interest must be figured at the overpayment rate determined under section 6621(a)(1) and compounded on a daily basis from the due date (not including extensions) of the return for the prior year until the earlier of (a) the due date (not including extensions) of the return for the recapture year, or (b) the date the return for the recapture year is filed and any income tax due for that year has been fully paid.

Tables of interest factors to figure daily compound interest were published in Rev. Proc. 95-17, 1995-1 C.B. 556. The interest rate in effect through December 31, 2019, is shown in Rev. Rul. 2019-21, 2019-38 I.R.B. 708. For periods after December 31, 2019, use the overpayment rate under section 6621(a)(1) in the revenue rulings published quarterly in the Internal Revenue Bulletin.

Note: If the line 8 recapture amount is from a section 42(j)(5) partnership, the partnership will figure the interest and include it in the recapture amount reported to you. Enter “-0-” on line 11 and write “Section 42(j)(5)” to the left of the entry space for line 11.

Line 13. Subtract the amount on line 9 from the total of all prior year unused credits attributable to the building (Step 1 of the line 9 instruction above). Enter the result on line 13.

Line 14. Form 1040, 1040-SR, and 1040-NR filers report the recapture tax on Schedule 2 (Form 1040), line 16. Form 1120 filers report the recapture tax on Form 1120, Schedule J, line 9b.

Line 15. Carry forward the low-income housing credit attributable to this building to the next tax year. See the Instructions for Form 3800 for details on how to report the carryforward of unused credits.

Lines 16 and 17. Only section 42(j)(5) partnerships complete these lines. This is a partnership that has at least 35 partners, unless the partnership elects (or has previously elected) not to be treated as a section 42(j)(5) partnership. For purposes of this definition, an individual and his or her spouse (and their estates) are treated as one partner.

For purposes of determining the credit recapture amount, a section 42(j)(5) partnership is treated as the taxpayer to which the low-income housing credit was allowed and as if the amount of credit allowed was the entire amount allowable under section 42(a).

See the instructions for line 11 to figure the interest on line 16. The partnership must attach Form 8611 to its Form 1065 and allocate this amount to each partner on Schedule K-1 (Form 1065) in the same manner as the partnership’s taxable income is allocated to each partner.
