Information Collection Requirement

OMB Control Number 1652–0041; TSA End of Course Level 1 Evaluation—Instructor-Led Classroom Training. TSA's CTC delivers instructor-led classroom training, including the Explosives Detection Canine Handler Course, Passenger Screening Canine Handler Course, Bridge Course, and the Law Enforcement Supervisor Course to TSA, and state and local civilian personnel. State and local civilian agencies that are responsible for the security at airports throughout the United States) participate in this classroom training under agency-specific cooperative agreements with TSA's National Explosives Detection Canine Team Program. This information collection captures ratings and written comments from students about the quality of the training. The CTC collects the evaluation data to determine students' satisfaction with their learning experience and provides it to representatives at both TSA headquarters and at CTC (*e.g.*, to the Branch Manager, Deputy Branch Manager, and CTC instructional staff and supervisors) to improve the course curriculum and course of instruction.

TSA estimates an average of 156 students will complete the evaluations annually. The estimated burden is approximately 30 minutes (0.5 hours) per participant, or total of 78 hours per calendar year to read, answer, and submit the evaluation questions.
