GENERAL EDUCATION PROVISIONS ACT (GEPA)

SECTION 427

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about the following provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education responded to the GPRA requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2018-2022. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: *Support state and local efforts to improve learning outcomes for all P-12 students in every community.*

Goal 2: *Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.*

Goal 3: *Strengthen the quality, accessibility and use of education data through better management, increased privacy protections and transparency.*

Goal 4: *Reform the effectiveness, efficiency and accountability of the Department.*

What are the performance indicators for the Title III, Part B, HBGI programs?

The performance indicators for the Title III, Part B, HBGI programs are part of the Department's plan for meeting Goal 2:

Goal 2: *Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.*

Program Goal: **To improve the capacity of minority-serving institutions, which traditionally have limited resources and serve large numbers of low-income and minority students, to improve student success and to provide high-quality educational opportunities for their students.**

GPRA—Program Goals

HBGI Program

Objective 1 of 2: Increase enrollments at Historically Black Graduate Institutions (HBGI).

Measure 1.1 of 1: The percentage change, over the five-year grant period, in the number of full-time graduate students enrolled at HBGIs.

Objective 2 of 2: Increase the number of graduate degrees awarded at HBGIs.

Measure 2.1 of 2: Federal cost per graduate degree at HBGIs.

Measure 2.2 of 2: The number of Ph.D., first professional, and Master's degrees awarded at HBGIs.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met.

Information about the annual performance report data collection form can be viewed at <https://hepis.ed.gov/ISAPR/>.

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file type detailed in the Federal Register application notice (read-only, non-modifiable .PDF files only). Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters.
3. **PLEASE DO NOT USE SPECIAL/NON-ENGLISH CHARACTERS IN ANY FORM OR DOCUMENT (for example, %, *, /, etc.). Foreign characters or symbols includes words spelled with a non- English alphabet, such as “Boğaziçi” or “Nizām al-Dīn Gīlānī” or any word with an accent mark.** Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

We strongly recommend that you do not wait until the last day to submit your application. The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 11:59:59 p.m. (Eastern Standard Time) on the deadline date, the G5 e-Application system will not accept it.

INSTRUCTIONS AND FORMS FOR SUBMITTING PHASE II - COMPREHENSIVE DEVELOPMENT PLAN

Developing the Comprehensive Development Plan

The Secretary evaluates an application on the basis of the applicant's response to the elements of the Comprehensive Development Plan (CDP) as defined in 34 CFR 609.21.

To facilitate the review of the application, applicants must address the following:

The CDP must describe an institution's strategy for achieving growth and self-sufficiency by strengthening its financial management and academic programs.

Elements of the CDP are as follows:

1. An assessment of the strengths and weaknesses of the institution's financial management and academic programs. Here is where you want to describe the institution's current state, identifying more than the strengths and weaknesses to be addressed by Title III B, but also present a comprehensive picture that describes the mission goals and objectives (short and long-term) that can be used to highlight the institution.
2. A delineation of the institution's goals for its financial management and academic programs, based on the outcomes of the assessments of these areas, for which Title III funds will be used;
3. A listing of measurable objectives, with accompanying timeframes, designed to assist the institution to reach each goal for which Title III funds will be used for achieving the objectives; and
4. A description of methods, procedures and processes that will be used by the college or university to institutionalize financial management and academic program practices and improvements developed under the proposed funded activities.

You are asked to limit the number of goals and measurable objectives for this grant period – ideally, to five or less. This will help focus grant activities and resources.

Suggested Outline for Developing the CDP

Introduction/Institutional Overview – the introduction should describe the institution's challenges and opportunities, and the institutional overview should address the history and mission, academic programs offered and areas of strength, enrollment data and student profile, graduation rates, and graduate school/professional school placement success.

Summary of the Institution's Planning Process – identify major institutional priorities.

Overview of Current Long-range Plan – describe major emphases and goals for the current planning period.

CDP Focus – describe areas targeted for improvement; list goals related to improving academic quality, fiscal stability, institutional management, and student services; summarize activities to address CDP goals; and discuss CDP assessment strategies.

Conclusion – provide information addressing institutionalization as required by element 4 and relevant supporting documentation.

Suggested Outline for Developing the Project Plan

The CDP should be used to guide the formation of the **Project Plan**. Separately, and for each proposed activity you must:

PROVIDE AN ABSTRACT OF THE ACTIVITY – Provide a brief (one page) description of the proposed activities. **Each activity** must be titled using the most relevant title from the list of allowable activities authorized in the program regulations (34 CFR Section 609.10 for the HBGI program). In brief detail, describe the purpose of each activity. A comprehensive Project Plan should include Project Administration as one of its proposed activities.

DESCRIBE AND DEFINE PERFORMANCE INDICATORS FOR EACH PROPOSED ACTIVITY – For each proposed activity, applicants must state their annual expected results, which, when combined with their performance indicators, are measurable and realistic (not too high, not too low). Connect each activity to the problem or weakness it should address and to the legislatively allowable activities (LAAs). List only the results that an activity is designed to accomplish. Describe the performance indicators in outcome-oriented, measurable terms (i.e. provide/establish baseline data, goal for that fiscal year—in number or percentage, date by which you expect it to be completed, etc.). Results should be updated for each year in which funds are requested.

DESCRIBE THE IMPLEMENTATION STRATEGY AND TIMETABLE FOR EACH PROPOSED ACTIVITY – For each proposed activity, describe, in a comprehensive manner, who will do what, how, and when it will be done to meet the expected results of each activity.

PROVIDE AN INDIVIDUAL ACTIVITY BUDGET & NARRATIVE – For each proposed activity, applicants must prepare a separate, detailed itemized budget (in dollars) and a budget narrative for each year you are requesting grant funds. Demonstrate and justify that all costs are reasonable in today’s market and necessary to accomplish your activity results.

Note: You must provide details so that we can determine if the costs are allowable, necessary and reasonable. Do not include a budget narrative (as a separate activity) for endowment investing. Requests for endowment investing should go under the “Other” category.

COMPLETE A BUDGET SUMMARY (ED 524) FORM – Provide an itemized budget for each of the five years of the project. Applicants need only to provide a detailed budget narrative and justification for the first (initial) year of their proposed five-year project.

**HBGI
NON-FEDERAL SOURCE MATCHING ASSURANCE FORM (FY 2022)**

HISTORICALLY BLACK GRADUATE INSTITUTIONS (HBGI) PROGRAM

NON-FEDERAL SOURCE MATCHING REQUIREMENT ASSURANCE FORM

NOTE: This assurance form must be signed, dated and submitted as part of your initial application. Under legislative guidelines, Section 1063b, no award can be made in excess of \$1,000,000 unless the institution provides a matching assurance agreement described below.

§1063b Professional or graduate institutions

(A) GENERAL AUTHORIZATION

(2) No grant in excess of \$1,000,000 may be made under this section unless the postgraduate institution provides assurances that 50 percent of the cost of the purposes for which the grant is made will be paid from non-Federal sources, except that no institution shall be required to match any portion of the first \$1,000,000 of the institution's award from the Secretary. After funds are made available to each eligible institution under the funding rules described in subsection (f), the Secretary shall distribute, on a pro rata basis, any amounts which were not so made available (by reason of the failure of an institution to comply with the matching requirements of this paragraph) among the institutions that have complied with such matching requirement.

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS EXECUTIVE ORDER 12372

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state. Further information about the State Single Point of Contact process and a list of names by State can be found at:

<https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf>.

For State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# 84.031K, U.S. Department of Education, Room 7E200, 400 Maryland Avenue, SW, Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 11:59:59 p.m.. (Eastern Standard Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. Do not send applications to the above address.
