

Supporting Statement for VA Form 21P-530EZ,
Application for Burial Benefits (Under 38 U.S.C. Chapter 23)
OMB #2900-0003

A. JUSTIFICATION:

1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.

The Department of Veterans Affairs (VA) through its Veterans Benefits Administration (VBA) administers an integrated program of benefits and services, established by law, for Veterans, service personnel, and their dependents and/or beneficiaries. Under the authority of 38 U.S.C. 2302, 2303, 2304, 2307, and 2308, the VA will pay burial benefits upon the death of a Veteran to certain eligible claimants. Regulatory authority is found in 38 C.F.R. 3.1700 through 3.1712.

The respondent burden has increased due to the estimated number of receivables averaged over the past year.

VA Form 21P-530EZ has been updated to include the following:

- Updated instructions to reflect the regulation change and updates to the form
- Split Section I into Section I – Veteran’s Information and Section II - Claimant’s Information
- Moved Veteran’s Information Questions to Section I
- Changed Section Titles to Section III - Veteran’s Service Information; Section IV – Information Regarding Final Resting Place; Section V – Claim for Burial Allowance; Section VI - Claim for Plot and/or Transportation Allowance
- Question 18 – added Tribal trust land, name of cemetery or tribal trust land and zip code
- Question 20A – removed VA Hospitalization Death / Amount paid from (now covered under non-service-connected burial allowance)
- Moved Question 20A to Section VI (now question 23)

2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.

VA Form 21P-530EZ is used to gather the necessary information to determine eligibility for VA burial benefits including the burial allowance, plot or interment allowance, and transportation reimbursement.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.

VA Form 21P-530 is available on the benefits.va.gov website in a fillable electronic format.

VBA does not currently have the technology in place to allow for the direct electronic submission of the form. To ease the burden on respondents, VBA plans to develop and deploy functionality enabling electronic submission of this information. VBA cannot estimate the date this functionality will be deployed.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

VA Form 21P-530EZ is used to gather the necessary information to determine eligibility for monetary burial benefits, including the burial allowance, plot or interment allowance, and transportation reimbursement. VBA would be unable to properly administer burial benefits program without this collection of information. The information is collected on an ad hoc basis, and, therefore, cannot be collected less frequently. The form is designed to collect the minimum amount of information which will allow VBA to properly administer the program.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. If applicable, provide a copy and identify the date and page number of publications in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize**

public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.

The Department notice was published in the Federal Register on April 19, 2022 (Volume 87, No. 75 pages 23325-23326 (No or number) comments were received in response to this notice.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

The records are maintained in the appropriate Privacy Act System of Records identified as “Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28),” published at 74 FR 29275 on June 19, 2009, and last amended at 84 FR 4138 (February 14, 2019).

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

These totals were derived from a query of our claims database and represent the actual number of each form received in an average year.

- b. Frequency of Response is one time.
- c. Annual burden hours are 64,223.50 hours.
- d. The estimated completion time for each form is 30 minutes.

e. The respondent population for VA Form 21P-530EZ is primarily composed of survivors of deceased Veterans establishing eligibility for VA burial benefits. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents' costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the mean hourly wage is \$28.01 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website: https://www.bls.gov/oes/current/oes_nat.htm.

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$1,798,900 (64,223.50 burden hours x \$28.01 per hour).

13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

This submission does not involve any recordkeeping costs.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
7	3	15	0.25	\$19.68	4.920	128,447	\$ 631,959.24

Overhead costs are 100% of salary and are the same as the wage listed above and the amounts are included in the total.

Printing and production costs approximates the cost of printing this information collection per year. (Processing/Analyzing Cost total divided by \$90).

Note: The hourly wage information above is based on the hourly 2022 General Schedule (Base) Pay ([SALARY TABLE 2022-GS \(opm.gov\)](https://www.opm.gov/policy-data-oversight/salary/)). This rate does not include any locality adjustment as applicable.

The processing time estimates above are based on the actual amount of time employees of each grade level spend to process to completion a claim received on this form. The within-grade step (3) of each employee represents the average experience of employees within each grade.

15. Explain the reason for any burden hour changes since the last submission.

The respondent burden has increased due to the estimated number of receivables averaged over the past year.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information collection is not for publication or tabulation use.

17. If seeking approval to omit the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval to omit the expiration date for OMB approval.

18. Explain each exception to the certification statement identified in Item 19, "Certification for Paperwork Reduction Act Submissions," of OMB 83-I.

This submission does not contain any exceptions to the certification statement.
