How to Report Changes

(Print if applicant is applying for a spouse benefit and is under FRA.)

In most cases, we calculate how much to reduce your annuity because of your earnings based on either the earnings estimate you gave us when you applied for benefits, or on reports submitted by employers to the Social Security Administration. As a reminder, you should report your earnings (1) when we ask for a report of your earnings or (2) if any of the following happens:

- You stop working;
- You start working and expect to earn more than the annual exempt amount;
- Your employment is not covered under the Social Security Act (i.e., FICA taxes are not deducted from your pay);
- You work for a railroad or railroad labor organization; or
- You return to work for your last pre-retirement nonrailroad employer.
