

promotes efficiency, competition, and capital formation.

There are approximately 2,683 respondents that must comply with Rule 15l-1. The aggregate annual burden for all respondents is estimated to be 2,568,434 hours, or 957 hours per respondent (2,568,434 hours/2,683 respondents). Under Rule 15l-1, respondents will also incur cost burdens. The aggregate annual cost burden for all respondents is estimated to be \$12,085,860, or \$4,505 per respondent (\$12,085,860/2,681 respondents).

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing by September 19, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-651, OMB Control No. 3235-0702]

Submission for OMB Review; Comment Request: Extension: Rule 18a-3

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995

(“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 18a-3 (17 CFR 240.18a-3), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”).

Rule 18a-3 establishes minimum margin requirements for nonbank security-based dealers (“SBSBs”) and nonbank major security-based swap participants (“MSBSPs”) for non-cleared security-based swaps. Under paragraph (e) of Rule 18a-3 nonbank SBSBs are required to monitor the risk of each account that holds non-cleared security based swaps for a counterparty and to establish, maintain, and document procedures and guidelines for monitoring the risk of accounts as part of its risk management control system required under Exchange Act Rule 15c3-4. In addition, paragraph (d)(2) of Rule 18a-3 provides that a nonbank SBSB seeking approval to use a model to calculate initial margin will be subject to an application process consistent with Exchange Act Rule 15c3-1e and paragraph (d) of Exchange Act Rule 18a-1, as applicable, governing the use of internal models to compute net capital.¹

The total annual hour burden associated with Rule 18a-3 is approximately 2,243 hours calculated as follows:

The Commission staff estimates that there are 7 nonbank SBSBs that are subject to Rule 18a-3. The staff further estimates that each would spend an average of approximately 210 hours establishing and documenting their Rule 18a-3 counterparty risk monitoring procedures, for a one-time industry-wide hour burden of approximately 1,470 recordkeeping hours or 490 hours per year when annualized over three years.² In addition, the staff estimates that each nonbank SBSB would spend an average of approximately 60 hours per year reviewing risks associated with its counterparties, for an annual industry-wide burden of approximately 420 recordkeeping hours.³ Taken together, the annual industry-wide hour burden is approximately 910 hours.⁴

¹ While Rule 18a-3 contains requirements that apply to both nonbank SBSBs and MSBSPs, the particular requirements that constitute a collection of information relate only to nonbank SBSBs.

² 7 nonbank SBSBs × 210 hours = 1,470 hours. These amounts are annualized over three years resulting in 70 (210 hours/3 years) hours per nonbank SBSB per year and an industry wide annual burden of 490 recordkeeping hours.

³ 7 nonbank SBSBs × 60 hours = 420 hours.

⁴ 490 hours + 420 hours = 910 hours.

The Commission estimates it will take a nonbank SBSB approximately 50 hours to prepare and submit an application to the Commission to seek authorization to use an internal model to calculate initial margin. The staff estimates that five non-bank SBSBs have sought Commission approval to use an internal model to calculate initial margin, resulting in a total industry-wide one-time hour burden of approximately 250 hours or approximately 83 hours per year when annualized over three years.⁵ The Commission also estimates that each nonbank SBSB will spend approximately 250 hours per year reviewing, updating, and back testing their initial margin model, resulting in a total industry-wide annual hour burden of approximately 1,250 recordkeeping hours.⁶ Taken together, the Commission estimates an annual industry-wide hour burden of approximately 1,333 hours.⁷

The total annual hour burden associated with Rule 18a-3 is thus approximately 2,243 hours (910 hours + 1,333 hours).

The total annual cost burden associated with Rule 18a-3 is approximately \$3,333 calculated as follows:

The 7 respondents subject to the collection of information may incur start-up costs in order to comply with this collection of information. These costs may vary depending on the size and complexity of the nonbank SBSB. In addition, the start-up costs may be less for the 2 nonbank SBSB respondents also registered as broker-dealers because these firms may already be subject to similar requirements with respect to other margin rules. For the remaining 5 nonbank SBSBs, because these written procedures may be novel undertakings for these firms, the Commission staff assumes these nonbank SBSBs will have their written risk analysis methodology reviewed by outside counsel. Therefore, the staff estimates that these 5 nonbank SBSBs will engage an outside counsel to review their written risk analysis methodology, at a rate of approximately \$400 per hour for 5 hours (*i.e.*, \$2,000 in legal costs). This will result in a one-time industry-wide external recordkeeping cost of approximately \$10,000, or

⁵ 5 nonbank SBSBs × 50 hours = 250 hours. These amounts are annualized over three years resulting in 16.67 (50 hours/3 years) hours per nonbank SBSB per year and an industry wide annual burden of 83.33 recordkeeping hours, rounded down to 83 hours.

⁶ 5 nonbank SBSBs × 250 hours = 1,250 hours.

⁷ (250 hours/3 years) + 1,250 hours = 1,333.33 hours, rounded down to 1,333 hours.

approximately \$3,333⁸ annualized over 3 years.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

DEPARTMENT OF STATE

[Public Notice 11790]

Review of the Designations as Foreign Terrorist Organizations of Communist Party of the Philippines New People's Army and Jaish-e-Mohammed (and Other Aliases)

Based on a review of the Administrative Record assembled pursuant to Section 219(a)(4)(C) of the Immigration and Nationality Act, amended (8 U.S.C. 1189(a)(4)(C)) ("INA"), and in consultation with the Attorney General and the Secretary of the Treasury, I conclude that the circumstances that were the bases for the designations of the aforementioned organizations as Foreign Terrorist Organizations have not changed in such a manner as to warrant revocation of the designations and that the national security of the United States does not warrant a revocation of the designations.

Therefore, I hereby determine that the designation of the aforementioned organizations as Foreign Terrorist Organizations, pursuant to Section 219 of the INA (8 U.S.C. 1189), shall be maintained.

⁸ 5 nonbank SBSDs × \$400/hour × 5 hours = \$10,000. This amount annualized is \$3,333.33 per nonbank SBSD, rounded down to \$3,333.

This determination shall be published in the **Federal Register**.

Dated: July 6, 2022.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2022–0057]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated May 17, 2022, Symans Enterprises (Symans) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 230.17, *One thousand four hundred seventy-two (1472) service day inspection*. FRA assigned the petition Docket Number FRA–2022–0057.

Specifically, Symans requests relief for steam locomotive VC 6, which is used in public tourist excursions. Regarding the locomotive's 1472 service day inspection, Symans requests to extend the period in which the inspection is due from July 7, 2022, to December 31, 2023. Symans states that the annual inspection of VC 6 was completed in October 2021, and the extension would allow Symans to recover from revenue losses caused by the COVID–19 pandemic. In support of its request, Symans states that the locomotive has been stored inside and has operated without incident.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://>
