

CONSENT TO PARTICIPATE IN THE ASK U.S. PANEL PILOT

[TO BE PRESENTED AT THE BEGINNING OF THE BASELINE ENROLLMENT SURVEY]

Description and Purpose of the Ask U.S. Panel pilot: The Ask U.S. Panel is a national survey panel by the U.S. Census Bureau. The purpose for collecting this information is to track public opinion on a variety of topics of interest to numerous federal agencies and their partners, and for conducting experimentation on alternative question wording and methodological approaches. A key objective of the Panel will be to produce representative and reliable statistics on a rapid turnaround suitable for use by federal agencies. The Panel will ensure availability of frequent data collection for nationally representative estimates on a variety of topics and a variety of subgroups of the population. The panel pilot also will test feasibility and procedures that will be used to develop and implement future panels. The panel pilot will consist of individuals and households living across the U.S., including active-duty service members and spouses of active-duty service members, that have agreed to be contacted and invited to participate in surveys led by the U.S. Census Bureau and other federal agencies, including Department of Defense (DoD).
