Dear Dr. Dart,

Enclosed is the Confidentiality Certificate, protecting the identity of research subjects in your single-site/single-protocol project entitled "Survey of Non-Medical Use of Prescription Drugs (NMU-Rx) in the United States".

Please note that the Certificate expires on 07/01/2026.

NIH expects investigators to inform research participants of the protections and the limits to protections provided by a Certificate of Confidentiality issued under the [NIH Policy](#). NIH has provided [sample language](#) for informed consent forms that researchers are free to use or adapt as needed and appropriate for their participants.

If you determine that the research project will not be completed by the expiration date, 07/01/2026, you must submit a written request for an extension of the Certificate three (3) months prior to the expiration date. If you make significant changes to the protocol for this study (e.g., change of principal investigator or institution), you should contact the COC Coordinator regarding modification of this Certificate. Any requests for modifications of this Certificate must include the reason for the request, documentation of the most recent IRB approval, and the expected date for completion of the research project.

Please contact the NIH CoC Coordinator if you have any questions about the Certificate of Confidentiality at NIH-CoC-Coordinator@mail.nih.gov.

Correspondence should be sent to:

CERTIFICATE OF CONFIDENTIALITY

**Number:
CC-OD-19-170**

Issued to

Denver Health and Hospital Authority

conducting research known as

Survey of Non-Medical Use of Prescription Drugs (NMU-Rx) in the United States

In accordance with the provisions of section 301(d) of the Public Health Service Act, 42 U.S.C. 241(d), this Certificate is issued to the Principal Investigator, *Dr. Richard Dart* and *Denver Health and Hospital Authority* to protect the privacy of subjects in the above named *single-site/single-protocol* research study, which is collecting or using identifiable, sensitive information. If there is a discrepancy between the terms used in this Certificate and section 301(d), the statutory language will control.

Research data containing identifiable, sensitive information collected during this study initiated on 02/21/2019 (and concluding on 07/01/2026) is covered by the Certificate. Identifiable, sensitive information protected by the Certificate and all copies thereof are protected for perpetuity.

The recipient of this Certificate shall comply with all requirements of subsection 301(d) of the Public Health Service Act.

This Certificate does not represent an endorsement of the research project by the Department of Health and Human Services. Information collected during the term of the Certificate is protected in perpetuity. However, this Certificate does not protect information collected from participants enrolled after the term of the Certificate.
