

Risk Evaluation and Mitigation Strategy (REMS) Programs to Promote Appropriate Medication Use and Knowledge: Patient Experiences with REMS Programs

Recruitment Messages

Rally-Clozapine and Pegvaliase.pptx

Have you or someone you care for started taking [brand drug name] (generic drug name) in the past year? If yes, Brigham and Women's Hospital invites you to participate in a phone interview about your experiences for research related to the [brand drug name] (generic drug name) FDA REMS program. Participants who complete an interview will receive a \$50 Amazon gift card as a token of appreciation. Your opinions make a difference. For more information, please contact Dr. Ameet Sarpatwari at [PI's email address].
