Project Officers: Tia Brown and Kriti Jain

After IRB and OMB approval, all victims/survivors 18 years or older who talk with Advocates at The Hotline/LIR, and who are not in crisis, will be asked towards the end of their phone conversation if they would like to participate anonymously in the GCM project. Contactors who are in immediate crisis or are being transferred directly to a service agency immediately after interacting with the Advocate will not be asked to participate. Advocates will use their judgement to determine whether a contactor is in crisis and if it is appropriate to introduce the project. The script presented in Exhibit A-7 below will be used for participant recruitment for three GCM activities: brainstorming, sorting, and rating.

Exhibit A-7. Recruitment Script/Instructions for The Hotline Contactors via Phone-based Services

The script below will be used for participant recruitment for three concept mapping activities: brainstorming, sorting, and rating.

Phone Recruitment Script:

We have an opportunity that might be a good fit for you if you are interested. We would like to know your ideas about ways in which The Hotline can support family members and friends who contact The Hotline. We would ask you to give your input by clicking an online link that you can access now or whenever it is convenient for you. It will take less than 20 minutes to complete. You should know that your participation is entirely voluntary and anonymous. You can stop participating at any time. Does this sound like something you may be interested in?

If Response is NO, then recruitment script is ended.

If Response is YES or MAYBE, then the script goes as follows:

Thank you. Your input is very important. As I said, we will ask you to participate using an online link. You may choose to complete the project now or whenever is convenient for you within the next few days.

Your information will be kept private; we will not ask for your name or any other personally identifiable information, such as your phone number or email. However, computer use can be monitored and is impossible to be completely clear. Would you like to participate?

If Response is NO, then the recruitment script ended.

If Response is YES, then the Advocate spells out the concept mapping link and script goes as follows:

Thank you for agreeing to participate. Please write down this link:

[PROJECT LINK TO BE INSERTED WHEN FINAL]

You may go to this link now to complete this activity or save it and go to it at a later time that is convenient for you before [INSERT ACTIVITY END DATE WHEN KNOWN].
