

Child Care Supplemental Grants: Interview Guide

The Office of Child Care (OCC) holds monthly meetings with Child Care and Development Fund (CCDF) Lead Agency administrators to provide ongoing technical assistance (TA) and support. To learn more about the success stories, challenges and additional TA needs for the recent child care stabilization grants that were part of the American Rescue Plan Act (ARPA), OCC would like to conduct structured interviews during these meetings for the next six months. OCC will use information collected during these interviews to inform technical assistance and support opportunities for CCDF Lead Agencies.

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to help the Office of Child Care (OCC) identify the technical assistance needs to support the implementation of the child care stabilization grants. Public reporting burden for this collection of information is estimated to average 20 minutes per grantee response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. These questions will be asked at monthly meetings over a 6-month period, so the total estimated time per grantee is 2 hours. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0401 and the expiration date is 05/31/2021. If you have any comments on this collection of information, please contact Dawn Ramsburg, Office of Child Care by email at dawn.ramsburg@acf.hhs.gov.

We would like to ask you a series of questions about how your state has used ARP supplemental funding or how your state plans to use the funding.

For first interview:

1. Please describe how your state is using ARP supplemental funds OR how your state is planning to use funds to support providers, children, and families.
What is your state's timeline?

Notes:

As you are taking notes on their open-ended responses, check the boxes in the table below and follow up as needed.

For example, “You said you were using ARP funds to increase provider payment rates, is that change temporary?” If yes, for what time period? Are you using ARP supplemental funding or another funding sources?
