Climate Change Call to Action: Middle School Science Challenge

The National Institute of Environmental Health Sciences (NIEHS) is looking for your ideas on how to address climate change issues in your community!

Challenge Title: Climate Change and Your Community: Making an Impact on Environmental Health

Eligible Applicants: North Carolina sixth and seventh grade middle school science teachers located within schools in disadvantaged and/or underserved communities impacted by climate change

The Ask: This challenge is intended for middle schools students to address climate change in their community, its health impacts, development of community-driven solutions, and collaboration through scientific inquiry.

The top five proposals will be presented and judged at the virtual NIEHS Women's Health Awareness Conference on Saturday, April 9, 2022. Individuals may receive support to implement their projects within their local community.

Applications to participate in this program are due before **midnight, Monday, February 28, 2022.**

Space is limited! Apply now at: <https://cru.niehs.nih.gov/redcap/surveys/?s=NJCWEHCT7T>.

For additional information, please contact Jaslyn Grullon at jaslyn.grullon@nih.gov or 984-287-4999.

Sponsored by: NIEHS, Women's Health Awareness Program, Office of Human Research and Community Engagement, Clinical Research Branch; Worker Education and Training Branch, Division of Extramural Research and Training; and the Environmental Health Disparities and Environmental Justice Faculty
