

As part of the COVID-19 Public Education Campaign market research efforts, the Current Events Tracker (CET) is a flexible survey vehicle designed for easy addition or removal of questions as applicable to the current environment. In this round, we removed last week's new questions and are refueling a battery related to White House announcement of a multi-pronged approach to defeating the pandemic. We are asking new or updated questions relating to boosters, parents, side effects, experience with strained medical system, and regarding holiday travel plans.
