The notice of insolvency benefit level details what the current retiree or beneficiary's benefit amount will be following insolvency, or during the insolvency year (i.e. PBGC guaranteed benefit). The notice of insolvency and notice of insolvency benefit level may be combined into one notice for the same plan year.

For any insolvency year following the initial insolvency year, a plan sponsor must provide a notice of insolvency benefit level: (1) to all participants and beneficiaries if there is a change in insolvency benefit level that generally affects participants and beneficiaries in pay status or reasonably expected to enter pay status during the insolvency year; (2) to a participant or beneficiary entering pay status or reasonably expected to enter pay status during the insolvency year; or (3) to a participant or beneficiary or a participant class if there is a change in benefit level that affects the participant or beneficiary or the participant class.

6. The amount of the participant's or beneficiary's monthly benefit that is guaranteed by PBGC.

Note: Oftentimes, the amounts in # 3 and #6 are the same, and plan sponsors choose to combine this information and provide one dollar amount. If plan benefits are fully guaranteed (i.e. when there is no reduction in benefit), #5 will also be the same.

Notices to interested parties other than participants and beneficiaries in or entering pay status:

1. The name of the plan.
2. The insolvency year for which the notice is being issued.
3. The estimated amount of annual benefit payments under the plan (determined without regard to the insolvency) for the insolvency year.

Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281)

Section 4281 of ERISA and PBGC's duties of plan sponsor regulation (29 CFR part 4281) prescribe notice requirements and rules under which multiemployer plan sponsors must: (1) give notices of benefit reduction (*i.e.*, of the adoption of a plan amendment reducing benefits) to PBGC and to affected participants and beneficiaries, and a notice to PBGC of any restoration of benefits; (2) give notices to PBGC and to participants and beneficiaries that a plan is insolvent in the current plan year or is expected to be insolvent in the next plan year; (3) give notices of insolvency benefit level to PBGC and to participants and beneficiaries; and (4) submit an application to PBGC for financial assistance. Plan sponsors may file a combined notice of insolvency and notice of insolvency benefit level.

This information collection is necessary to assure the consistency and adequate quality of notices required by law and to enable PBGC to provide financial assistance to terminated plans in a timely manner. PBGC uses the information it receives to make determinations required by ERISA, to identify and estimate the cash needed for financial assistance to terminated plans, and to verify the appropriateness of financial assistance payments. PBGC also uses the information to prepare its financial statements. Plan participants and beneficiaries use the information to make personal financial decisions.

PBGC estimates an average burden of 16 hours and \$20,800 per plan (\$400 notice of benefit reduction, \$10,000 notice of insolvency and notice of insolvency benefit level, \$10,000 initial financial assistance application, and \$400 non-initial financial assistance application). These are estimates and the actual time and cost per plan will vary depending on the circumstances of a given filing and the size of the plan.

This collection of information has been approved by the Office of Management and Budget (OMB) under control number 1212-0032 (expires November 30, 2021). Under the Paperwork Reduction Act, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Termination of Multiemployer Plans (29 CFR part 4041A)

Section 4041A of ERISA and PBGC's termination regulation (29 CFR part 4041A) require the plan sponsor of a terminated multiemployer plan to submit a notice of termination containing basic information necessary to alert PBGC to possible demands on the multiemployer insurance program. Plan sponsors also are required to submit an application to PBGC for approval to pay benefits or benefit forms not otherwise permitted and to send notices to plan participants and beneficiaries regarding the election of alternative forms of benefit. PBGC needs the information in the application to enable it to determine whether the payment of benefits other than nonforfeitable benefits or benefits valued at more than \$1,750 in other than annuity form is permissible. Plan sponsors also are required to file withdrawal liability and actuarial valuation information. PBGC needs this information to estimate PBGC's multiemployer plan liabilities and to provide financial assistance to plans.

PBGC estimates an average burden of 8.3 hours and \$5,560 per plan. These are estimates and the actual time and cost per plan will vary depending on the circumstances of a given filing and plan size.

Duties of Plan Sponsor of an Insolvent Plan (29 CFR part 4245)

Section 4245(e) of ERISA and PBGC's duties of plan sponsor of insolvent plans regulation (29 CFR part 4245) require multiemployer plan sponsors to give notices that a plan is, or will be, insolvent, and to give notices of insolvency benefit level stating the level of benefits that will be paid during an insolvency year. The recipients of these notices are PBGC, contributing employers, employee organizations representing participants, and participants and beneficiaries. PBGC needs this information to enable it to estimate cash needs for financial assistance to insolvent plans. Plan sponsors may file a combined notice of insolvency and notice of insolvency benefit level.

PBGC estimates an average burden of 16 hours and \$10,000 per notice. These are estimates and the actual time and cost per plan will vary depending on the size of the plan.
