Purpose

The U.S. Department of Homeland Security (DHS) and the Federal Emergency Management Agency (FEMA) are accountable to provide support and funding for the maintenance and readiness of the National Urban Search and Rescue (US&R) Response System. The purpose of the **Readiness Cooperative Agreement** is to support the continued development and maintenance of a national urban search and rescue capability.

Specifically, the agreement provides a mechanism for distribution of Cooperative Agreement funding for certain purposes in preparation for US&R disaster response. The Cooperative Agreement allows each Sponsoring Agency of a US&R task force the opportunity to maintain a high standard and condition of operational readiness and includes guidance on key areas for task force management to focus on continued preparedness efforts.

The Cooperative Agreement provides direction to the US&R task force Sponsoring Agency for the use of funding to provide: administrative and program management, training, support, equipment cache procurement, maintenance and storage. This workbook is designed for use by the Sponsoring Agencies of all current task forces within the US&R Response System when applying for the US&R Readiness Cooperative Agreement solicitation.

**National Urban Search & Rescue Response System
S&R Task Force Readiness Cooperative Agreement Budget Narrativ
Purpose of Agreement**

The purpose of this **Readiness Cooperative Agreement** is to continue the development and maintenance of National Urban Search and Rescue (US&R) Response System resources to be prepared for mission response and to provide qualified personnel in support of Emergency Support Function-9 (ESF-9) activities under the National Incident Management System (NIMS) and the National Response Framework (NRF).

Our Task Force agrees to manage the continued development and maintenance of this National US&R Response System resource. We will be prepared to provide qualified, competent US&R personnel in support of ESF-9 activities under the National Response Framework. Specifically, this fiscal year's US&R Notice of Funding Opportunity (NOFO) and the accompanying budget narrative provides our plan to accomplish our objectives identified by DHS/FEMA. This work plan identifies the key areas that our Task Force will focus its continued readiness efforts. These key areas are administrative and program management, training, support, equipment cache preparedness, maintenance and storage. These key areas are detailed in the Grant Guidance/Statement of Work. This Cooperative Agreement will allow our Task Force to maintain a high standard and condition of operational readiness. It is the intent of our Task Force to comply with this fiscal year's US&R NOFO throughout the duration of this agreement.

While portions of this fiscal year's US&R NOFO are included in the budget narrative, we acknowledge compliance with this fiscal year's US&R NOFO in its entirety.

Supplies

Notes for Supplies Section

In the below area, provide an **approximate** listing of the supplies necessary for the administration/management of this cooperative agreement. Supply items/costs that should be listed are items to support the administration/management of the Task Force and other than what the equipment definition states in 2 C.F.R. Part 200. Supplies, on the other hand, are tangible personal property lower than the \$5,000 equipment threshold or have a useful life of less than a year. Phones, tablets, etc. would more likely be supplies than equipment. However, due to the dynamic program, the requirements for these items (within the amount approved at time of award for this object class) may change. Any changes to the listed items will be reflected in the Performance Reports, including the reason for the change(s) noted.

Task Force General Comments
This Program Category covers the costs for the training portion of this Readiness Cooperative Agreement. The training portion of this budget/narrative will cover costs for a maximum amount of time of 12 months, and will be accomplished within the 36 month period of performance. This Task Force intends to maintain a deployable Task Force and will provide the required training to insure mission readiness, safety, and management of the Task Force. The training will be accomplished in accordance with the Urban Search & Rescue Program Office statement of work, program guidance, directives, and will also include training to meet the NIMS compliance requirements. The training cost details will be provided in the below object classes under this Program Category. Our Task Force will attempt to maintain the preparedness of the Task Force under this Readiness Cooperative Agreement, in order to provide critical emergency response services as one of the 28 teams for the National Urban Search and Rescue Response System. Funding for any deployments will be handled under the Activation Cooperative Agreement. The below list of training and costs covers what is anticipated for this Readiness Cooperative Agreement. Due to the dynamic program, training scheduling and requirement changes, some of the training listed may require revisions. Any changes will be noted within the Performance Reports, and will include the change and the reason for the change. It will not require a budget adjustment as long as the change is within the Program Category total as noted at time of award, and is an approved training requirement within the statement of work, program guidance, and directives. The only exception to this is the movement of travel funds between the Administration/Management Program Category and the Training Program Category, which can be accomplished without requiring a budget change, however, it must be noted in the Performance Reports, with the change and the reason for the movement of funds.

Task Force must follow department procurement regulations, which are in accordance with 2 CFR Part 200 to ensure reasonable prices are obtained. The US&R Program Office and the Grants Office Assistance Officer must provide written approval for any other equipment not identified on approved cache list(s), in program guidance, or specifications. Those Task Forces who maintain an IST Medical Cache are to include the appropriate amount below for replacement of equipment and pharmaceuticals.

However, due to the dynamic program, the requirements for these items (within the amount approved at time of award for this object class) may change. Any changes to listed items will be reflected in the Performance Reports, noting the reason for the change and the Task Force will not be required to submit a budget change if items are on the approved cache lists, noted in the statement of work, or authorized by program guidance or directives. Rolling or floating equipment requires the specifications to be submitted to the US&R Branch/Grants Assistance Officer for prior approval. The general definition of "Equipment" out of the CFR is: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of the capitalization level established by the governmental unit for financial statement purposes, or \$5000.
