

impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before May 10, 2022. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP22-62-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or ⁸

(2) You can file a paper copy of your submission by mailing it to the address

below.⁹ Your submission must reference the Project docket number CP22-62-000.

To mail via USPS, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To mail via any other courier, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email (with a link to the document) at: dave_hammel@tcenergy.com, 700 Louisiana Street, Suite 1300, Houston, TX 77002-2700. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

⁸ Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

Title: FERC–1000, Request for a Medical Exception to the COVID–19 Vaccination Requirement.

OMB Control No.: 1902–0320.

Abstract: The purpose of this three-year renewal of the information collection is to allow the Federal Energy Regulatory Commission to collect information from FERC employees (and their medical providers) applying for a medical exception to the COVID–19 Vaccination Requirement as specified in Part 2 of FERC Form No. 1000.¹

Consistent with guidance from the Centers for Disease Control and Prevention (CDC), guidance from the Safer Federal Workforce Task Force established pursuant to Executive Order 13991 of January 20, 2021, *Protecting the Federal Workforce and Requiring Mask-Wearing*, and Executive Order 14043 of September 9, 2021, *Requiring Coronavirus Disease 2019 Vaccination for Federal Employees*, the request for

this information collection is essential to implement the Commission’s health and safety measures regarding the federal employee medical exceptions to the COVID–19 mandatory vaccinations. In addition, the Rehabilitation Act of 1973, as amended, requires Federal Agencies to provide reasonable accommodations to qualified employees with disabilities unless that reasonable accommodation would impose an undue hardship on the employee’s Agency. See 29 U.S.C. 791 and 29 CFR part 1614; see also 20 CFR part 1630 and Executive Order 13164 of July 26, 2000, *Requiring Federal Agencies to Establish Procedures to Facilitate the Provision of Reasonable Accommodation*. Section 2 of E.O. 14043 mandates that each agency, “implement, to the extent consistent with applicable law, a program to require COVID–19 vaccination for all of its Federal

employees, with exceptions only as required by law.” This medical exception form (FERC Form No. 1000) is necessary for the Commission to determine whether to grant medical exceptions to the vaccine requirement under the Rehabilitation Act.

The information being requested helps promote the safety of the Federal workforce, Federal buildings, and others on site at FERC facilities. This collection is consistent with the COVID–19 Workplace Safety Agency Model Safety Principles established by the White House Safer Federal Workforce Task Force and guidance from the Centers for Disease Control and Prevention.

Type of Respondent: Medical Providers.

*Estimate of Annual Burden:*² The Commission estimates the annual public reporting burden for the information collection as:

FERC–1000: REQUEST FOR A MEDICAL EXCEPTION TO THE COVID–19 VACCINATION REQUIREMENT

	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden & cost per response ³	Total annual burden hours & total annual cost
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)
Medical Provider	24	1	24	30 minutes (½ hour); \$72 ..	720 minutes (12 hours); \$1,728.

Comments: Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

[Project No. P–2376–052]
Eagle Creek Reusens Hydro, LLC;
Notice of Application Tendered for Filing With the Commission and Soliciting Additional Study Requests and Establishing Procedural Schedule for Relicensing and a Deadline for Submission of Final Amendments

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* New Major License.

¹ The vaccination requirement issued pursuant to E.O. 14043, is currently the subject of a nationwide injunction. While that injunction remains in place, the Federal Energy Regulatory Commission (FERC) will not process requests for a medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043. FERC will also not request the submission of any medical information related to a request for an exception from the vaccination requirement pursuant to E.O. 14043 while the injunction remains in place. But FERC may nevertheless receive information regarding a medical exception. That is because, if FERC were to receive a request for an exception from the COVID–19 vaccination requirement pursuant to

E.O. 14043 during the pendency of the injunction, FERC will accept the request, hold it in abeyance, and notify the employee who submitted the request that implementation and enforcement of the COVID–19 vaccination requirement pursuant to E.O. 14043 is currently enjoined and that an exception therefore is not necessary so long as the injunction is in place. In other words, during the pendency of the injunction, any information collection related to requests for medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043 is not undertaken to implement or enforce the COVID–19 vaccination requirement.

² “Burden” is the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to Title 5 Code of Federal Regulations 1320.3.

³ Cost estimates are based on industry costs for general internal medicine physicians (29–1216) defined by the Bureau of Labor Statistics. The cost figure for the general internal medicine physicians in 2021 was an average annual salary plus benefits of \$300,076/year or \$144/hour.
