

growing body of evidence that the CME Bitcoin Futures market represents a regulated market of significant size . . . , the growth of liquidity at the inside in the spot market for bitcoin, and certain features of the Shares and the Reference Rate . . . ”²⁵ What are commenters’ views regarding the Exchange’s argument?

5. The Exchange states that ETFs that provide exposure to bitcoin through CME Bitcoin Futures (“Bitcoin Futures ETFs”) are “a sub-optimal” for U.S. investors looking for long-term exposure to bitcoin and that any proposal to list and trade a Spot Bitcoin ETP should be reviewed by the Commission with this in mind.²⁶ The Exchange further states that it would be inconsistent to allow the listing and trading of Bitcoin Futures ETFs while simultaneously disapproving Spot Bitcoin ETPs on the basis that the CME Bitcoin Futures market is not a regulated market of significant size. According to the Exchange, this would be “particularly true for the Trust, which will use the [Reference Rate] as its price source to calculate its daily [NAV], with inputs from *the same* bitcoin trading platforms . . . and materially the same methodology as is used to price CME Bitcoin Futures.”²⁷ Do commenters agree or disagree and why?

6. According to the Exchange, the Trust is structured “to operate as if certain 1940 Act provisions apply, providing transparency and investor protections such that a distinction between Bitcoin Futures ETFs and Spot Bitcoin ETPs is unwarranted.”²⁸ Does the representation that the Trust will “operate as if certain 1940 Act provisions apply” help mitigate the concerns the Commission previously expressed, including concerns pertaining to fraud and manipulation?

III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to

approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b–4, any request for an opportunity to make an oral presentation.²⁹

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by June 9, 2022. Any person who wishes to file a rebuttal to any other person’s submission must file that rebuttal by June 23, 2022.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information provided for in Rule 15Ba2–5 (17 CFR 240.15Ba2–5) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

On July 7, 1976, effective July 16, 1976 (*see* 41 FR 28948, July 14, 1976), the Commission adopted Rule 15Ba2–5 under the Exchange Act to permit a duly-appointed fiduciary to assume immediate responsibility for the operation of a municipal securities dealer’s business. Without the rule, the fiduciary would not be able to assume operation until it registered as a municipal securities dealer. Under the rule, the registration of a municipal securities dealer is deemed to be the registration of any executor, administrator, guardian, conservator, assignee for the benefit of creditors,

receiver, trustee in insolvency or bankruptcy, or other fiduciary, appointed or qualified by order, judgment, or decree of a court of competent jurisdiction to continue the business of such municipal securities dealer, provided that such fiduciary files with the Commission, within 30 days after entering upon the performance of his duties, a statement setting forth as to such fiduciary substantially the same information required by Form MSD or Form BD. The statement is necessary to ensure that the Commission and the public have adequate information about the fiduciary.

There is approximately one respondent per year that requires an aggregate total of four hours to comply with this rule. This respondent makes an estimated one annual response. Each response takes approximately four hours to complete. Thus, the total compliance burden per year is approximately four hours. The approximate internal compliance cost per hour is \$25, resulting in a total internal cost of compliance of approximately \$100 per year (*i.e.*, 4 hours × \$25).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by July 18, 2022.

Extension:
Form 1-SA

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form 1-SA (17 CFR 239.92) is used to file semiannual reports by Tier 2 issuers under Regulation A, an exemption from registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*). Tier 2 issuers under Regulation A conducting offerings of up to \$50 million within a 12-month period are required to file Form 1-SA. Form 1-SA provides semiannual, interim financial statements and information about the issuer's liquidity, capital resources and operations after the issuer's second fiscal quarter. The purpose of the Form 1-SA is to better inform the public about companies that have conducted Tier 2 offerings under Regulation A. We estimate that approximately 55 issuers file Form 1-SA annually. We estimate that Form 1-SA takes approximately 188.042 hours to prepare. We estimate that 85% of the 188.04 hours per response (159.836 hours) is prepared by the company for a total annual burden of 8,791 hours (159.836 hours per response × 55 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given

to comments and suggestions submitted in writing within 60 days of this publication by July 18, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
