#	Description	Narration	Developer Comments
1	App home screen	<p>During the study week, you will need to complete an Income Questionnaire and Profile Questionnaire.</p> <p>Both are accessed on the FoodLogger home screen. You can complete the brief questionnaires at any point during your study week.</p>	
2	Highlight profile questionnaire	<p>Every household member with a food log account will need to complete the profile questionnaire. Household members age 11 or older are eligible to have their own account.</p> <p>The profile questionnaire collects demographic, education, health, work, and financial information about the individual household member.</p> <p>Your household will earn \$2 for each completed profile questionnaire.</p>	
3	Highlight income questionnaire	<p>The income questionnaire collects income information (such as income source, amount, and frequency it was received) in the last month.</p> <p>Household members age 16 and older are eligible to complete the income questionnaire. The questionnaire is not available on the profiles for household members under the age of 16.</p> <p>Your household will earn \$2 for each completed income questionnaire.</p>	
4	Home screen	<p>It is important to make sure each eligible household member completes the profile and income questionnaires during the study week!</p>
