## A. PROGRAM DESCRIPTION & OBJECTIVES

### USDA FNS has made the following changes to the FYXX FDPNE RFA:

- USDA FNS is now utilizing a standard template for all request for applications (RFAs). The FYXX FDPNE RFA now utilizes this standard format template so information may be organized differently than in prior year RFAs.
- Updated the eligibility criteria to clarify the requirements. Applicants are now required to submit a copy of their FNS-74 *Federal-State Agreement* to verify eligibility. If unable to do so due to pandemic office closures, the applicant must submit a signed attestation that they do have an FNS-74 agreement on file.
- FNS will not fund more than one nutrition education reinforcement item (incentive) per household during the grant period of performance.
- Updated the project objectives to include a nutrition-related outcome for each project objective that focuses on protein.
- The application template has been updated and can be found in the supplemental documents tab of this RFA package on Grants.gov.

USDA FNS has recorded a webinar series that is available for viewing on the FNS website. The series reviews the RFA and highlights the changes/updates made for the FYXX grant opportunity. The webinars can be accessed by clicking [here](#), or typing the following into your internet browser: <https://www.fns.usda.gov/fdpir/fdpne-grant-application-technical-assistance>

### Program Description

Since 2008, FNS has awarded funding each fiscal year for nutrition education projects through Food Distribution Program Nutrition Education (FDPNE) grants. Indian Tribal Organizations (ITOs) and State agencies (SAs) that have a direct agreement with FNS to administer FDPIR are eligible to apply for funds to conduct projects that provide nutrition information and services to FDPIR participants.

The Food and Nutrition Act of 2008, as amended through Public Law 115-334, authorizes the Supplemental Nutrition Assistance Program (SNAP) and the Food Distribution Program on Indian Reservations (FDPIR) and provides for the provision of funds to State Agencies and Indian Tribal Organizations (ITOs) to conduct nutrition education activities. Since 2008, annual appropriations acts have provided funding for nutrition education services to State Agencies and Federally Recognized Tribes who are current FDPIR allowance holders and have a direct agreement with FNS to administer FDPIR. The need for FDPNE is determined annually by Congress. **Funding is usually provided in the annual appropriations bill. FNS anticipates the 20XX Appropriations Act to provide \$X under Title IV for this grant program.** Grant awards are dependent on availability of funding.

The overall goal of the FDPNE grant program is to improve the likelihood that persons eligible for FDPIR will make healthy food choices consistent with the current Dietary Guidelines for Americans and USDA MyPlate Guidance. The project requirements for FDPNE grants are loosely based on the [SNAP Education Plan Guidance](#). FNS selects components of [The 2020-2025 Dietary Guidelines for Americans](#) for development of FDPNE program goals. Examples of FDPNE projects that received funding in prior years can be found [here](#).

Nutrition education services are a combination of educational strategies and learning experiences, accompanied by supporting policy, systems, and environmental interventions, designed to facilitate the

voluntary adoption of food choices and other nutrition-related behaviors conducive to the health and well-being of participants.

In the context of this grant program, nutrition education should focus on how USDA Foods in the FDPIR food package may be used to contribute to a healthy diet. The Indian Tribal Organization (ITO) or State Agency (SA) shall work with appropriate organizations and partners such as: extension agents, tribal colleges and universities, registered dietitians, diabetes coordinators, and public health nutrition professionals to provide food and nutrition information, recipes, or cooking demonstrations, as appropriate for households who participate or are eligible to participate in the FDPIR program. The ITO or SA shall provide nutrition education and information specific to the foods included in the FDPIR food package to improve the health of FDPIR participating households.

Desired outcomes of this grant program include:

- 1) Improve nutrition-related skills and behaviors among FDPIR participants, resulting in healthier food choices and a better understanding of healthy ways to prepare USDA Foods provided in the FDPIR food package;
  - a. Examples of **nutrition-related skills** are:
    - Knowing how to prepare fresh fruits and vegetables and incorporate them into recipes.
    - Using lower fat cooking methods such as baking, steaming, or sautéing in place of frying.
    - Preparing food with less sodium.
  - b. Examples of **nutrition-related behaviors** are:
    - Being confident in preparing healthy meals for individuals or the family.
    - Eating the recommended amount of fruits and vegetables most days.
    - Choosing to use healthy cooking methods.
    - Practicing portion control.
    - Modeling healthy choices for others at family and community events.
- 2) Strengthen existing partnerships to provide sustainable nutrition education and wellness promotion programs in Tribal communities.
  - a. Existing **partner organizations** could include: local tribal colleges, local health and wellness centers, tribal/cooperative extension, SNAP-Ed educators, schools, or other community organizations that have an established history working with Indian Tribal Organizations.
  - b. Providing **sustainable nutrition education and wellness promotion programs** could include development of culturally relevant nutrition education and wellness resources (e.g., lesson materials, videos, cookbooks) that can be maintained and readily available for FDPIR participants.
- 3) Increase Tribal capacity to influence and reinforce nutrition-related skills and behaviors throughout the community.
  - a. **Increased capacity** refers to continuing, expanding, creating, and maintaining new partnerships with other organizations or individuals that will help you reach your FDPIR nutrition goals.
  - b. For example, developing a tribal wellness policy that requires healthy food and beverage choices be available at community events;
  - c. Or working with a tribal wellness center or health clinic to include foods available in the FDPIR food package in cooking or wellness classes and programming.

### Allowable Costs

The provisions of [2 CFR 200 Subpart E](#) allow FNS to make reasonable judgments as to what is necessary and reasonable to be approved for funding in a project proposal.

When FDPIR participants or potentially eligible persons are not the primary target of a nutrition class or the nutrition education is provided in conjunction with another program (e.g., SNAP-Ed, The Special Supplemental Nutrition Program for Women, Infants, and Children [WIC], and the Indian Health Service), FDPNE may fund the *pro rata* share of the class that includes FDPIR participants. For example, if a nutrition education class has 100 participants and 25 students are FDPIR-eligible, FDPNE funds may cover 25 percent of the cost.

The chart included below provides examples of activities and services in each budget category that may be considered for funding through FDPNE as well as those activities and services that will not be considered for funding.

Budget Category	FNS will consider funding	FNS will not fund
<b>Staff/Labor</b> Note: staff will only be funded for the duration of the grant period (1 year).	Salaries and benefits of staff directly involved in nutrition education conducted as part of the proposed project plan.	Salaries and benefits of essential staff covered by FDPIR administrative funds (example: FDPIR director) or other federal funding sources.
	Contractual staff involved in nutrition education conducted as part of the proposed project plan.	Salaries and benefits of staff or contractual staff involved in proposed projects who have no role in nutrition education. For example, staff whose role is to maintain community gardens.

Out of state travel expenses include funding for travel, lodging, and per diem.	Travel to conferences with no focus on nutrition education in FDPIR programs.
		Funding to purchase or lease a vehicle.
<b>Food</b>	Reasonable amount of food to conduct recipe/taste-testing/cooking demonstrations as part of the proposed FDPNE project plan. Nutrition education reinforcement items that cost more than \$5.00 each.
	One nutrition education reinforcement item per household. (Ex: It is estimated that 75 people from 50 households will attend the cooking demo so only 50 reinforcement items will be funded) over the course of the project period. ## C. ELIGIBILITY INFORMATION

### Eligible Applicants

ITOs and SAs that administer FDPIR may apply individually and/or as a consortium (e.g., as a region or a regional nutrition advisory council). A FDPIR allowance holder is an entity that has a direct agreement with FNS to administer FDPIR. All applications must be submitted by an FDPIR allowance holder. This allowance holder **MUST** have a direct relationship with FNS. **To verify eligibility, applicants are required to submit a copy of their FNS-74 Federal-State Agreement with their**

application package. If the applicant is unable to access a copy of their signed FNS-74 due to pandemic office closures, they should submit a signed attestation that an FNS-74 agreement is on file. If a copy of the FNS-74, or signed attestation, is not included, the applicant will be deemed ineligible, and the application will not be considered.

Any applicant that is not an allowance holder may still receive a grant project, BUT an FDPIR allowance holder (the State or ITO listed on the FNS-74) MUST submit the application project on the Tribe's behalf AND serve as the Tribe's fiscal sponsor, ensuring both progress and financial status reports are submitted as well as maintaining and accounting for the Tribe's grant funding.

If one or more ITOs wish to apply as a consortium, one ITO must be designated as the lead agency and apply on behalf of the other ITO(s). This ITO *must* be a FDPIR allowance holder. The lead agency is responsible, fiscally and operationally, for the overall administration of the project.

### Cost Sharing or Matching Considerations

- There are no cost sharing or matching requirements for this program.

### Other Eligibility Criteria

- FNS will accept only one application from each organization or consortium in response to this solicitation.

### Pre-Award Screening Requirements

In reviewing applications in any discretionary grant competition, prior to making a Federal award, Federal awarding agencies, in accordance with 2 CFR 200.205, are required to review information available through any OMB-designated repositories of government-wide eligibility qualifications or financial integrity information. Additionally, Federal awarding agencies are required to have a framework in place for evaluating the risks posed by applicants before they receive Federal awards. The FNS review of risk posed by applicants will be based on the following:

- SAM.gov, the *System for Award Management*, the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS
- FAPIIS, the *Federal Awardee Performance and Integrity Information System* that has been established to track contractor misconduct and performance
- Dun & Bradstreet, the system where applicants establish a DUNS number that is used by the Federal government to better identify related organizations that are receiving funding under grants and cooperative agreements
- U.S. Department of Agriculture, AD-3030, *Representations Regarding Felony Conviction and Tax Delinquent Status for Corporate Applicants*
- FNS Risk Assessment Questionnaire
  - Applicants must complete the Grant Program Accounting System & Financial Capability Questionnaire that allows FNS to evaluate aspects of the applicant's financial stability, quality of management systems, and history of performance, reports and findings from audits. The questionnaire contains a number of questions that may be an indicator of potential risk.

The evaluation of the information obtained from the designated systems and the risk assessment questionnaire may result in FNS imposing special conditions or additional oversight requirements that correspond to the degree of risk assessed.

## Acknowledgement of USDA Support

As outlined in 2 CFR 415.2, grant recipients shall include acknowledgement of USDA Food and Nutrition Service support on any publications written or published with grant support and, if feasible, on any publication reporting the results of, or describing, a grant-supported activity. Recipients shall include acknowledgement of USDA Food and Nutrition Service support on any audiovisual which is produced with grant support and which has a direct production cost of over \$5,000.

1. When acknowledging USDA support, use the following language: "This material is based upon work that is supported by the Food and Nutrition Service, U.S. Department of Agriculture." Grantees should follow the [USDA Visual Standards Guide](#) when using the USDA logo.
2. Grant recipients *may* be asked to host USDA officials for a site visit during the course of their grant award. All costs associated with the site visit will be paid for by USDA and are not expected to be included in grant budgets.

### Application Budget Narrative

The budget narrative should correspond with the proposed project narrative and application budget. The narrative must justify and support the bona fide needs of the budget's direct cost.   1. SAM.gov combines Federal procurement systems and the Catalog of Federal Domestic Assistance into one system. For additional information regarding SAM.gov, see the following link: <https://www.sam.gov/SAM>
  2. Must have your organization's DUNS, entity's Tax ID Number (TIN), and taxpayer name (as it appears on last tax return). **It may take 3-5 business days to register in SAM.gov; however**, in some instances the SAM process to complete the migration of permissions and/or the renewal of the entity record will require **5-7 days or more**.
  3. All applicants must have current SAM status at the time of application submission and throughout the duration of a Federal Award in accordance with two CFR Part 25.
  4. We strongly encourage applicants to begin the process **at least 3 weeks** before the due date of the grant solicitation.
3. Create a Grants.gov Account:

The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM.gov. To apply for grants on behalf of your organization, you will need the Authorized Organizational Representative (AOR) role.

For more detailed instructions about creating a profile on Grants.gov, refer to <https://www.grants.gov/web/grants/grantors/grantor-registration.html>
4. Authorize Grants.gov Roles:

After creating an account on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov, refer to <https://www.grants.gov/web/grants/applicants/workspace-overview/workspace-roles.html>
5. Track Role Status: To track your role request, refer to <https://www.grants.gov/web/grants/applicants/workspace-overview/workspace-roles.html>

*Electronic Signature:* When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC **must** authorize individuals who are able to make legally binding commitments on behalf of the organization as an AOR; **this step is often missed and it is crucial for valid and timely submissions.**

## How to Submit an Application via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA) or RFA, you can create individual instances of a workspace.

For additional training resources, including video tutorials, refer to:

<https://www.grants.gov/web/grants/applicants/applicant-training.html>

*Applicant Support:* Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at [support@grants.gov](mailto:support@grants.gov). If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist the Center with tracking your issue and understanding background information on the issue.

For questions related to the specific grant opportunity, please contact the Grant Officer noted in the [Agency Contacts](#) (Section VII) of this RFA.

## Grants.gov Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 PM EST on the due date listed on the cover page, as detailed [here](#). Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When FNS successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for FNS funding.

Applicants using slow internet, such as dial-up connections, should be aware that transmission could take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Additional Information on Grants.gov and the Registration Process:

### **NOTICE: Special Characters and Naming Conventions**

All applicants **MUST** follow Grants.gov guidance on file naming conventions. To avoid submission issues, please follow the guidance provided by Grants.gov (per the Grants.gov Frequently Asked Questions (FAQ):

#### ***Are there restrictions on file names for any attachment I include with my application package?***

File attachment names longer than approximately 50 characters can cause problems processing packages. Please limit file attachment names. Also, do not use any special characters (examples: & – \* % / # ' -). This includes periods (.) and spacing followed by a dash in the file. To separate words in naming a file, use underscore, as in the following example: Attached\_File.pdf.

**Please note that if these guidelines are not followed, your application will be rejected. FNS will not accept any application rejected from [www.grants.gov](http://www.grants.gov) portal due to incorrect naming conventions.**

**Additional information and applicant resources are available at:**

**<https://www.grants.gov/web/grants/applicants/workspace-overview.html>**

### **Funding Restrictions**

- Please refer to the table included in Section 2: Federal Award Information. This table includes information on funding restrictions.
- Pre-award costs will not be awarded for the project.

## **E. APPLICATION REVIEW INFORMATION**

### **Evaluation of Grant Application Criteria**

#### **1. REVIEW CRITERIA**

FNS will pre-screen all applications to ensure the applicants are eligible entities. If an applicant is deemed ineligible or does not include a copy of their FNS-74 form, the application will be deemed ineligible and it will not be included for further evaluation.

Applicants should be sure to follow **all** directions in the application template to document your project and budget requests. Each section of the project application is evaluated independently according to the evaluation factors and criteria described below.

FNS will pre-screen all applications to ensure the applicants are eligible entities and are in compliance with all Program regulations. FNS will not approve any waivers from Program regulations for any projects submitted in response to this solicitation.

## 7. Review and Selection Process

Following the initial screening process, FNS will assemble a panel group to review and determine the technical merits of each application. The panel will evaluate the proposals based on how well they address the required application components and array the applications from highest to lowest score. The panel members will recommend applications for consideration for a grant award based on the evaluation scoring. The Selecting Official reserves the right to accept the panel's recommendation or to select an application for funding out of order to meet agency priorities, program balance, geographical representation, or project diversity. FNS reserves the right to use this solicitation and competition to award additional grants in the next fiscal year should additional funds be made available.

**NOTE:** If a discrepancy exists between the total funding request (submitted on SF-424, SF-424A, and budget or budget narrative) within the application package in response to this solicitation, FNS will only consider and evaluate the estimated funding request contained on SF-424.

## F. FEDERAL AWARD ADMINISTRATION INFORMATION

### 1. FEDERAL AWARD NOTICE

The Government is not obligated to make any award as a result of this RFA. Unless an applicant receives a signed award document with terms and conditions, any contact from a FNS Grants or Program Officer should not be considered as a notice of a grant award. No pre-award or pre-agreement costs incurred prior to the effective start date are allowed unless approved and stated on FNS' signed award document (FNS-529). Only the recognized FNS authorized signature can bind the USDA, Food and Nutrition Service to the expenditure of funds related to an award's approved budget.

### 2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

#### Confidentiality of an Application

When an application results in an award, it becomes a part of the record of FNS transactions, available to the public upon specific request. Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary

should be clearly marked within the application. Any application that does not result in an award will be not released to the public. An application may be withdrawn at any time prior to the final action thereon.

### Safeguarding Personally Identifiable Information

Personally Identifiable Information (PII) is any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records, and any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information (National Institute of Standards and Technology (NIST) SP 800-122, Guide to Protecting the Confidentiality of Personally Identifiable information, April 2010).

Applicants submitting applications in response to this RFA must recognize that confidentiality of PII and other sensitive data is of paramount importance to the USDA Food and Nutrition Service. All federal and non-federal employees (e.g., contractors, affiliates, or partners) working for or on behalf of FNS are required to acknowledge understanding of their responsibilities and accountability for using and protecting FNS PII in accordance with the Privacy Act of 1974; Office of Management and Budget Memorandum M-06-15, *Safeguarding Personally Identifiable Information*; M-06-16, *Protection of Sensitive Agency Information*; M-07-16, *Safeguarding Against and Responding to the Breach of Personally Identifiable Information*; and the NIST Special Publication (SP) 800-122, *Guide to Protecting the Confidentiality of Personally Identifiable Information*.

By submitting an application in response to this RFA, applicants are assuring that all data exchanges conducted throughout the application submission and pre-award process (and during the performance of the grant, if awarded) will be conducted in a manner consistent with applicable Federal laws. By submitting a grant application, applicants agree to take all necessary steps to protect such confidentiality, including the following: (1) ensuring that PII and sensitive data developed, obtained or otherwise associated with UDSA FNS funded grants is securely transmitted. Transmission of applications through Grants.gov is secure; (2) ensuring that PII is not transmitted to unauthorized users, and that PII and other sensitive data is not submitted via email; and (3) Data transmitted via approved file sharing services (WatchDox, ShareFile, etc.), CDs, DVDs, thumb drives, etc., must be encrypted.

### **Conflict of Interest and Confidentiality of the Review Process**

The agency requires all panel reviewers to sign a conflict of interest and confidentiality form to prevent any actual or perceived conflicts of interest that may affect the application review and evaluation process. Names of applicants, including States and tribal governments, submitting an application will be kept confidential, except to those involved in the review process, to the extent permitted by law. In addition, the identities of the reviewers will remain confidential throughout the entire process. Therefore, the names of the reviewers will not be released to applicants.

### **Administrative Regulations**

#### Federal Tax Liabilities Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal

agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

#### Felony Crime Conviction Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

#### Debarment and Suspension 2 CFR Part 180 and 2 CFR Part 417

A recipient chosen for an award shall comply with the non-procurement debarment and suspension common rule implementing Executive Orders (E.O.) 12549 and 12669, "Debarment and Suspension," codified at 2 CFR Part 180 and 2 CFR Part 417. This common rule restricts sub-awards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities. The approved grant recipient will be required to ensure that all sub-contractors and sub-grantees are neither excluded nor disqualified under the suspension and debarment rules prior to approving a sub-grant award by checking the System for Award Management (SAM) at [www.sam.gov](http://www.sam.gov).

#### Universal Identifier and Central Contractor Registration 2 CFR Part 25

Effective October 1, 2010, all grant applicants must obtain a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as a universal identifier for Federal financial assistance. Active grant recipients and their direct sub-recipients of a sub-grant award also must obtain a DUNS number. To request a DUNS number visit: <http://fedgov.dnb.com/webform>.

The grant recipient must also register its DUNS number in SAM.gov. If you were registered in the CCR, your company's information should be in SAM and you will need to set up a SAM account. To register in SAM you will need your entity's DUNS and your entity's Tax ID Number (TIN) and taxpayer name (as it appears on your last tax return). Registration should take **3-5 days**. If you do not receive confirmation that your SAM registration is complete, please contact SAM.gov at <https://www.fsd.gov/app/answers/list>.

FNS may not make an award to an applicant until the applicant has complied with the requirements described in 2 CFR 25 to provide a valid DUNS number and maintain an active SAM registration with current information.

#### Reporting Sub-award and Executive Compensation Information 2 CFR Part 170

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Public Law 109-282), as amended by Section 6202 of Public Law 110-252, requires primary grantees of Federal grants and cooperative agreements to report information on sub-grantee obligations and executive compensation. FFATA promotes open government by enhancing the Federal Government's accountability for its stewardship of public resources. This is accomplished by making Government information, particularly information on Federal spending, accessible to the general public.

Primary grantees, including State agencies, are required to report actions taken on or after October 1, 2010, that obligates \$25,000 or more in Federal grant funds to first-tier sub-grantees. This information must be reported in the Government-wide FFATA Sub-Award Reporting System (FSRS). In order to access FSRS a current SAM registration is required. A primary grantee and first-tier sub-grantees must also report total compensation for each of its five most-highly compensated executives.

Every primary and first-tier grantee must obtain a DUNS number prior to being eligible to receive a grant or sub-grant award. Additional information will be provided to grant recipients upon award.

#### Duncan Hunter National Defense Authorization Act of Fiscal Year 2009, Public Law 110-417

Section 872 of this Act requires the development and maintenance of a Federal Government information system that contains specific information on the integrity and performance of covered Federal agency contractors and grantees. The Federal Awardee Performance and Integrity Information System (FAPIIS) is designed to address these requirements. FAPIIS contains integrity and performance information from the Contractor Performance Assessment Reporting System, information from SAM.gov, and suspension and debarment information from the SAM. FNS will review and consider any information about the applicant reflected in FAPIIS when making a judgment about whether an applicant is qualified to receive an award.

#### Freedom of Information Act (FOIA) Requests

The Freedom of Information ACT (FOIA), 5 U.S.C. 552, provides individuals with a right to access records in the possession of the Federal Government. The Government may withhold information pursuant to the nine exemptions and the three exclusions contained in the Act.

Application packages submitted in response to this grant solicitation may be subject to FOIA by requests by interested parties. In response to these requests, FNS will comply with all applicable laws and regulations, including departmental regulations.

FNS will forward a Business Submitter Notice to the requested applicant's point-of-contact. Applicants will need to review requested materials and submit and submit any recommendations within 10 days from the date of FNS notification. FNS will redact Personally Identifiable Information (PII).

For additional information on the Freedom of Information (FOIA) process, please contact Jennifer Weatherly, FNS Freedom of Information Act officer at [FOIA@usda.gov](mailto:FOIA@usda.gov).
