

We are seeking feedback from people who participated in one or more STEM-oriented work experience programs (e.g., internships, apprenticeships, fellowships) that are affiliated with the Department of Defense (DoD) within the past 12 months. By STEM, we mean any field that involves some type of science, technology, engineering, or mathematics. Examples: biology, chemistry, computer science, electrical engineering, social science, physics, and more.

The goal is to gain a better understanding of the wide range of backgrounds and experiences that participants brought to these programs, what participants gained, and how programs may be improved for future cohorts.

If you are open to helping us meet this goal, please complete the following questionnaire. It is best viewed in a browser, though may also be taking on a mobile device. We anticipate the questionnaire will take approximately 10-20 minutes. Please note that all questions are optional, so you may skip any question you do not wish to answer.

Thank you, in advance, for your time!

**QUESTIONS**

Please contact Dr. Jim Belanich ([jbelanic@ida.org](mailto:jbelanic@ida.org)) or Dr. Diann McCants ([diann.w.mccants.ctr@mail.mil](mailto:diann.w.mccants.ctr@mail.mil)).

**AGENCY DISCLOSURE NOTICE**

The public reporting burden for this collection of information, 0704-XXXX, is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or burden reduction suggestions to the Department of Defense, Washington Headquarters Services, at [whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil](mailto:whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil). Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.
