To register: [Click Here](#) Additional information: [Click Here](#)

FDA Drug Topics: Counseling Patients on Generic Drugs

Tuesday, February 22, 2022, 1:00-2:00pm EST

From the webpage: "Welcome to the FDA's CE Consultation and Accreditation Team webpage. We offer a variety of continuing education activities, including Regularly Scheduled Series, Courses, Journal Clubs, and Scientific Rounds. Through our site, you will be able to learn about upcoming activities, register to attend activities, claim CE credit, and print your own CE transcripts."

For additional information about the FDA CE Portal, please see the CECAT Administration Policy (separate document).

My Credits

Use this section to manage your credits. You can add, view or print your certificate(s)*. Use the External Credits tab to add additional educational credits earned outside the organization. These credits will be added to your transcript.

For written instructions, click [here](#).

**You are only able to print certificates for a particular activity when all required evaluations are complete. You can complete necessary evaluations for individual activities below.*

Pharmacists should log into the CPE monitor 8 weeks after the last session of the activity to confirm the CE credit has been posted and to obtain a certificate. **Pharmacists** must also ensure their profile (under the MY ACCOUNT tab) includes: Profession, NABP eProfile ID Number and Date of birth (MMDD). These are required fields for Pharmacist and Pharmacy Tech professionals.
