Introduction

Thank you for your interest in this study sponsored by the U.S. Food and Drug Administration. Please answer the following questions to see if you are eligible to participate in an online interview about health-related materials for a specific type of medicine.

The interview will be led by a researcher through an online video platform. If you're eligible for the interview, you can participate from home using a computer and web camera. The discussion will last about 90 minutes. You will be emailed about your \$75 honorarium within one business day after the interview concludes and have the option to choose between a physical or electronic gift card.
