TO THE UNITED STATES OF AMERICA**

This passenger disclosure and attestation fulfills the requirements of U.S. Centers for Disease Control and Prevention (CDC) Amended Order: *Implementing Presidential Proclamation on Advancing the Safe Resumption of Global Travel During the COVID-19 Pandemic*.<sup>1</sup> As directed by the CDC and the Transportation Security Administration (TSA), through Security Directive 1544-21-03 and Emergency Amendment 1546-21-02, and consistent with CDC's Order implementing the Proclamation, all airline or other aircraft operators must provide the following disclosures to all passengers prior to their boarding a flight from a foreign country to the United States.

**AIRLINE AND AIRCRAFT OPERATOR DISCLOSURE REQUIREMENTS:**

As required by United States federal law, all airlines or other aircraft operators must collect the passenger attestation on behalf of the U.S. Government.<sup>2</sup>

**Required Proof of COVID-19 Vaccination for Non-U.S. citizen, Nonimmigrant Air Passengers**

As directed by the TSA, including through a security directive or emergency amendment, all airlines and other aircraft operators must additionally confirm one of the following for each noncitizen who is a nonimmigrant passenger prior to their boarding a flight to the United States from a foreign country:

1. Proof of being *Fully Vaccinated Against COVID-19*; or
2. Proof of being excepted from the requirement to be *Fully Vaccinated Against COVID-19*.

---

<sup>1</sup> This requirement (i.e., proof of being fully vaccinated against COVID-19) does not apply to crewmembers of airlines or other aircraft operators if they are traveling for the purpose of operating the aircraft or repositioning (i.e., on "deadhead" status), provided their assignment is under an air carrier's or operator's occupational health and safety program that follows applicable industry standard protocols for the prevention of COVID-19 as set forth in relevant guidance for crewmember health issued by the CDC or by the Federal Aviation Administration (FAA) in coordination with the CDC.

<sup>2</sup> This attestation does not need to be completed by or on behalf of children under 2 years of age. The airline or other aircraft operator may permit them to board an aircraft without an attestation.
