

2021 Adolescent Behaviors and Experiences Survey

Attachment P11

Letter to Agreeing Schools (Exclusively Distance Learning)

# Adolescent Experiences and Behaviors Survey

## We ask that you please:

**Review** the attached Summary of School Arrangements form, which confirms the classes that were randomly selected to participate and the date(s) of survey administration.

**Forward** the attached zip file to each of the teachers listed on the Summary of School Arrangements form. Please ask teachers to distribute the permission form to parents as soon as possible.

**Check-in** with teachers a few days later to make sure the parental permission forms have been distributed. Forms should be distributed to students **at least 10 days before the survey administration date.**

**Identify** someone within the school to whom participating teachers may refer students, should they have questions. This person may be a guidance counselor, school nurse, or other staff member.

**Complete** the enclosed School Enrollment Form and the School Award Form and fax them back to 1-877-358-5617.

Dear Principal/School Contact:

Thank you for your school's participation in the Adolescent Behaviors and Experiences Survey (ABES), sponsored by the Centers for Disease Control and Prevention (CDC), Division of Adolescent and School Health. To assess student engagement in risk behaviors during the COVID-19 pandemic, and to help understand the pandemic's impact on youth, the CDC will conduct the ABES in spring 2021. A report summarizing the results will be published the following year and your school will be notified when the report is available for download.

Attached is a zip file of materials for each teacher whose class was selected to participate in the survey. These files contain helpful information for each teacher, including a Summary of School Arrangements form, a Data Collection Checklist, a survey fact sheet, a parental permission form, and an email template for teachers to use when distributing permission forms to parents. Please have teachers maintain a record of which students have permission from their parent to participate according to your school's parental permission form policy.

Your support and encouragement will help to ensure a high rate of participation, which is essential to produce valid national data.

The participation of your students in the ABES will help the CDC, educators, and public health officials assess health risk behaviors and experiences during, and related to, COVID-19. If you have any questions, please call me toll-free at 1-800-675-9727 between 8:30 a.m. and 5:00 p.m. eastern time. Thank you again for your cooperation.

Sincerely,

# Adolescent Experiences and Behaviors Survey

Alice Roberts, Project Director
