## Special Needs Plan (SNP) Contract Status Review Matrix

Plans should use this document to identify where each SNP element is met within their contract(s). The matrix will be used to assist the Centers for Medicare & Medicaid Services (CMS) in conducting the highly integrated dual eligible (HIDE) SNP and fully integrated dual eligible (FIDE) SNP determination reviews along with determinations for Applicable Integrated Plans. If an element is not applicable, please indicate that in the not applicable column.

**NOTE:** To be designated as a HIDE SNP, a D-SNP must identify contract language for provision 3 and provisions 5 or 6. To be designated as a FIDE SNP, a D-SNP must provide contract language for provisions 3-9. Please answer all questions. If an element is not applicable please indicate that in the not applicable column.

If the applicant is seeking HIDE or FIDE designation, then the following matrix must be completed.

It is optional for organizations that answered "Yes" to Attestation 4, stipulating that the SNP notifies, or arranges for another entity or entities to notify, the State Medicaid Agency and/or its designee(s) of hospital and skilled nursing facility admissions for at least one group of high-risk full-benefit dual eligible individuals identified by the State Medicaid Agency, to complete this table unless the State Medicaid Agency is seeking for the SNP to become applicable integrated plan per 42 CFR 422.561.

**NOTE:** For organizations that are seeking to become Coordination-Only D-SNPs that meet the definition for Applicable Integrated Plans at 42 CFR 422.561, in addition to uploading the State Medicaid Agency Contract and the corresponding matrices, please upload documentation showing the contractual relationship (if applicable) between your organization's Medicaid product and the State, or the Medicaid managed care organization that holds the contract with the State, and documentation identifying the covered services.
