

Runaway and Homeless Youth Program 2022 National Needs Assessment

The Family and Youth Services Bureau (FYSB) and the Runaway and Homeless Youth Training and Technical Assistance Center (RHYTTAC) have developed the *National Needs Assessment* survey as a tool for gathering feedback from Runaway and Homeless Youth (RHY) grantees to support the development and delivery of training and technical assistance that is responsive to the needs of grantees operating various RHY-funded programs. Your feedback is valuable in accomplishing this goal. This assessment is voluntary and takes roughly 30 minutes to complete. The information provided will be kept private and will not be used to make funding decisions, or other grantee-specific decisions.

Instructions for Completing the Assessment

This survey is structured to gather organization-level feedback. **We encourage organizations to designate a representative to coordinate discussion and gather feedback internally on your organization's preferences and training and technical assistance needs and submit one survey on behalf of your organization.** An editable PDF document version of this survey tool is available to share and discuss with your colleagues. Please contact Dr. Amanda Griffin, agriffin@chapinhall.org, with any other questions about the survey.

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The control number is 0970-0531. The control number expires on July 31, 2022.

Section 1. Background

- BAC_1 Please provide the name of your organization. **(Open text field - limit to 100 characters)**
- BAC_2 Please select your state or territory (drop down list of 50 states and 5 territories)
- BAC_3 Which answer best describes the community(ies) served by your RHY program(s)? *Please select one.*
1. Rural
 2. Urban/suburban
 3. Primarily rural with urban/suburban area access
 4. Primarily urban/suburban with rural service locations
 5. Tribal grantee of reservation
- BAC_4 Which of the following FYSB-funded RHY grants does your organization **currently** have? *Select all that apply.*
1. Street Outreach Program (SOP)
 2. Basic Center Program (BCP)
 3. Transitional Living Program (TLP)
 4. Maternity Group Home (MGH)
- BAC_5 Which category **best** describes the number of runaway and homeless youth served directly by your FYSB-funded RHY program(s) each year? *Please include only youth who are served with FYSB funding. If you operate more than one program, please provide the total number of youths served by all programs funded by FYSB.*
1. Fewer than 25
 2. 25 to 49
 3. 50 to 99
 4. 100 to 199
 5. 200 or more

BAC_6 Which of the following types of *non-FYSB funded* programs does your organization provide for runaway and homeless youth (those funded through other sources)? *Select all that apply.*

1. Basic Center (or other short-term crisis shelter)
2. Drop-in Center
3. Host Homes
4. Maternity Group Home
5. Permanent Supportive Housing
6. Rapid Rehousing
7. Street Outreach
8. Transitional Living or Independent Living
9. None

BAC_7 Do your organization's responses to this survey include direct inputs from executive leadership staff, direct program/practitioner staff, or both?

1. Executive leadership staff
2. Direct program/practitioner staff
3. Both executive leadership and direct program/practitioner staff

Section 2. RHYTTAC Utilization & Experiences

RUT_1 To the best of your knowledge, have you or others in your organization used each of the following types of RHYTTAC training and technical assistance (TTA) in the last 12 months? *Select all that apply.*

	No (0)	Yes (1)

Section 5. Training Needs: Outcome Areas

We have several questions about the training topics your organization believes RHYTTAC should make a priority to support your organization's **practice and service delivery** needs. We will ask you about training needs related to each of FYSB's **four core outcome areas** for youth experiencing homelessness, and about cross-cutting training needs that are not specific to an outcome area.

TND_4 What training and technical assistance topic(s) would most help your organization improve young people's **safe and stable housing outcomes**? Please only select those topics for which someone from your organization would likely attend a TTA event. Select all that apply.

1. Aftercare (post-program exit) services or counseling
2. Assessing housing/homelessness needs or outcomes
3. Collaborating with Continuums of Care
4. Coordinated assessments and coordinated entry systems
5. Crisis intervention techniques
6. Direct financial assistance to youth
7. Family strengthening, mediation, or counseling for housing stability
8. Federally funded housing resources/programs for youth (non-FYSB resources)
9. Host Homes or natural supports for housing stability
10. "Housing First" approaches for youth
11. Housing navigation
12. Landlord engagement
13. Outreach to youth
14. Prevention programs/practices (preventing youth homelessness/running away from occurring in the first place)
15. Rental assistance with services/rapid rehousing
16. Shelter-to-housing transition supports (from BCP/TLP/MGH)
17. Transitional Living Program/Maternity Group Home retention
18. Unaccompanied minors issues (legal, services, etc.)
19. Other (please specify) **(If TND_4=Other, TND_5 appears)**

TND_5 Please specify other training topic(s) that would be helpful to your organization. **(Open text)**

TND_6 What training and technical assistance topic(s) would most help your organization improve young people's **education or employment outcomes**? Please only select those topics for which someone from your organization would likely attend a TTA event. Select all that apply.

1. Assessing education, training, or employment needs or outcomes
2. Collaborating with secondary schools or McKinney-Vento liaison to support youth while in middle or high school
3. Collaborating with post-secondary education or supporting youth while in post-secondary education
