Comprehensive Community Services Block Grant (CSBG) Training and Technical Assistance (T/TA) Needs Assessment

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to inform the creation of a Community Services Block Grant (CSBG) training and technical assistance (T/TA) Learning Agenda to guide the development and meaningful delivery of T/TA for the CSBG Network. Public reporting burden for this collection of information is estimated to average 25 minutes per response, including the time for reviewing instructions, gathering, and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0531 and the expiration date is XX/XX/XXXXX. If you have any comments on this collection of information, please contact CSBGStates@acf.hhs.gov.

Introduction

As noted in our Community Service Block Grant (CSBG) Dear Colleague Letter (DCL) (22-28, Training and Technical Resources FY 2023), published on April 27, 2022, the Office of Community Services (OCS) within the Administration for Children and Families (ACF) is intensely focused on strengthening the training and technical assistance (T/TA) that we provide. This survey will help OCS identify the most pressing T/TA needs across the Network.

Due to the comprehensive nature of the survey, we anticipate that it will take each respondent approximately 20 to 30 minutes to complete the survey. The survey results will inform OCS' T/TA Learning Agenda and will help determine how CSBG T/TA funding is utilized. We encourage multiple staff at each agency to respond to the survey, especially if staff have different T/TA needs; this will allow OCS to gather diverse and complete responses.

Please complete and submit this survey by 11:59pm (ET) on Friday, July 8, 2022. If you have any questions, please contact CSBGStates@acf.hhs.gov.

(Note: * indicates that a response is required for the question).

Section 1: Tell Us About Yourself

OCS is committed to safeguarding the information and identity of survey participants. Your responses to this survey will be kept **private**. Your responses will only be used for T/TA analysis purposes and your information will not be shared. Data results and comments will **not** be attributed to a particular person, program, office, or agency. OCS may use respondents' names and email addresses to follow up if we have questions regarding your responses. OCS may also use this information to help identify candidates for T/TA listening sessions or focus groups.

Section 2: Potential CSBG T/TA Topics

Section two contains a list of potential T/TA topics by category. For each individual topic area, please choose one of the following responses for each of the T/TA topics below:

- **Essential Need** (the training topic is crucial, and T/TA is needed immediately),
- **High Priority Need** (the training topic is important, and T/TA is needed as soon as possible),
- Medium Priority Need (the training topic is needed; however, the need is not urgent),
- Low Priority Need (this training topic would be beneficial; however, it is not a top priority), or
- **Not a Need / Not Applicable** (the training topic is not a need for your organization or not applicable to your role)

Each T/TA category section also includes an optional response box for the respondent to provide additional feedback, comments, or questions about the T/TA topics in that section.
