2022 Annual Grantee Satisfaction Survey

Introduction:

You have received this survey because your organization has one or more federal awards (grant or cooperative agreement) funded by the Office of Population Affairs (OPA). The purpose of this survey is to assess your satisfaction with OPA grantee support, communications, and other resources. We are also interested in your suggestions for how to improve the services, technical assistance (TA) products, and support from OPA and our contractors. OPA plans to use the results of the survey for continuous quality improvement efforts, including more effective customer service and to identify areas for improvement.

You are free to consult with others within your organization as needed to answer the questions, but you can only submit one survey per grant. If you have more than one federal award from OPA, you will see some questions repeated for each grant project. You may stop and start the survey at any time. Once you click the submit button, you cannot revise any responses.

Your participation is voluntary and confidential. You can skip any item. Please provide honest responses and complete information. Your responses will not affect your current award or your eligibility for, or receipt of, future services or funding.

Do not put your name or organization's name on the survey. Results will be reported to OPA in a manner that does not identify information about an individual or an organization and to be used only for the purposes of continuous quality improvement. Aggregated results may be used by OPA to share with selected stakeholders (e.g., grantees, federal partners) for the purposes of knowledge-sharing and improving processes.

Please take the time to complete the survey. It should take about 20 minutes to complete. If you have questions about this survey, please email Dr. Tiara N. Jackson at OPASupport@norc.org. Thank you for your participation.

1. Is this the organization's first OPA grant?

__ Yes
