TITLE OF INFORMATION COLLECTION:

Teen Pregnancy Prevention (TPP) Program: Performance measures Technical Assistance Survey

PURPOSE: The Office of Adolescent Health Performance Measures contract under the HHS Office of Population Affairs provides website development and technical assistance for grantees under the Teen Pregnancy Prevention (TPP) program. The TPP grantees collect and submit their performance measures through the oahpmdata.net website that the contractor developed. The contractor also provides technical assistance to grantees on how to enter data in addition to providing guidance on what data should be entered. Technical assistance is provided via live online technical assistance events, a help desk that is available via telephone and email and user guides and other tools.

The purpose of this survey is to receive feedback and suggestions from grantees on how to improve and expand technical assistance given to the performance measures system users. This feedback will be used to plan future TPP performance measures technical assistance activities.

DESCRIPTION OF RESPONDENTS:

About 366 oahpmdata.net website account holders representing 66 grantees who received TPP funding in 2020 will be invited to complete the survey. Grantees submit performance measures through oahpmdata.net twice per year.
