Abstract: The BLM seeks to renew the Control Number (1004–0121) pertaining to the leasing of solid minerals other than coal and oil shale other than coal and oil shale on Federal land, and the development of those lease. Accordingly, the respondents affected by this information collection request are those who desire to obtain lease for Federal minerals other than coal and oil shale, and operators of such leases. The regulations at 43 CFR part 3590 apply to operations for discovery, testing, development, mining, reclamation, and processing. This OMB Control Number is scheduled to expire on October 31, 2022. The BLM is requesting that OMB renew this OMB Control Number for an additional three years.
