OMB Burden Statement: These reporting instructions have been approved under the Paperwork reduction Act of 1995. Persons are not required to respond to this collection of information unless it displays a valid OMB control number. Public reporting burden for this collection of information includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Submission is required to obtain or retain benefits under SSA 303(a) (6). Respondents have no expectation of confidentiality. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Office of Unemployment Insurance, Room S-4524, 200 Constitution Ave., NW, Washington, DC, 20210.

B. Purpose

The Reemployment Services and Eligibility Assessment (RESEA) initiative provides funds to conduct in-person assessments in the American Job Center which include: an Unemployment Insurance (UI) continued eligibility review, the provision of individualized labor market information, development of a reemployment plan, and referral to reemployment services and/or training. Assessments are to be provided to selected claimants who do not have a definite return-to-work date.

The ETA 9129 report provides quarterly information on the UI and reemployment outcomes of claimants who are selected for RESEA activities. RESEAs provide in-person service in the American Job Center for applicants including the development of an individualized reemployment plan, appropriate labor market information (LMI) and referral to reemployment services. The data on this report is used for evaluation and monitoring of the RESEA initiative.

C. Due Date and Transmittal

The electronically submitted report is due in the ETA National Office on the 20th of the fourteenth month following the quarter in which the claimants started their benefit year.

Examples of time frames are given below:
