SUPPLEMENTARY INFORMATION:

Title: Gas Pipeline Certificates: Section 7(a) Mandatory Initial Service.

OMB Control No.: 1902-0061.

Type of Request: Three-year extension of the FERC-538 information collection requirements with no changes to the current reporting requirements.

Abstract: The purpose of FERC-538 is to implement the information collections pursuant to Sections 7(a), 10(a) and 16 of Natural Gas Act (NGA),¹ and part 156 of the Commission Regulations.² These statutes and regulations upon application by a person or municipality authorized to engage in the local distribution of natural gas allows for the Commission to order a natural gas company to extend or improve its transportation facilities and sell natural gas to the municipality or person. Additionally, the natural gas company must for such purpose, extend its transportation facilities to communities immediately adjacent to such facilities or to territories served by the natural gas pipeline company. The Commission uses the application data (in FERC-538) in order to be fully informed concerning the applicant, and the service the applicant is requesting.

¹ 15 U.S.C. 717f-w.

² 18 CFR 156.

Type of Respondents: Persons or municipalities authorized to engage in the local distribution of natural gas.

Estimate of Annual Burden:³ The Commission estimates the annual

reporting burden and cost for the information collection as:

[Docket No. CP22-227-000]

Columbia Gas Transmission, LLC ; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Coco B Wells Replacement Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document that will discuss the environmental impacts of the Coco B Wells Replacement Project involving construction and operation of facilities by Columbia Gas Transmission, LLC (Columbia) in Kanawha County, West Virginia. The Commission will use this environmental document in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission's NEPA process is

hourly cost (for wages and benefits) of \$87.00 (and an average annual cost of \$180,703/year). Commission staff is using the FERC average salary plus benefits because we consider people completing the FERC-538 to be compensated at rates similar to FERC employees.
