

All timely, unopposed⁷ motions to intervene are automatically granted by operation of Rule 214(c)(1).⁸ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.⁹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at <http://www.ferc.gov> using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on July 19, 2022.

Dated: June 28, 2022.

SUPPLEMENTARY INFORMATION:

Title: FERC-729, Electric Transmission Facilities.

OMB Control No.: 1902-0238.

Type of Request: Three-year extension of the existing information collection.

Abstract: This information collection consists of the filing requirements for entities seeking to construct electric transmission facilities pursuant to the Commission's authority under section 216 of the Federal Power Act (FPA).¹ Specifically, section 216(b) of the FPA authorizes the Commission, under certain circumstances, to issue permits for the construction of electric transmission facilities within national interest electric transmission corridors designated by the Secretary of Energy.

The purpose of the Commission's part 50 regulations² is to provide for efficient and timely review of requests for permits for the siting of proposed electric transmission facilities under section 216 of the FPA. The regulations include filing requirements associated with the Commission's pre-filing and application review processes. For the Commission's pre-filing process, the regulations require applicants to file a pre-filing request³ and subsequent information after the commencement of the pre-filing process,⁴ including a finalized Project Participation Plan, a summary of project alternatives, draft resource reports, and monthly status reports. After the conclusion of the pre-filing process, the regulations require applicants to file an application consisting of general project

⁷ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

information⁵ and ten exhibits,⁶ including project maps, an environmental report, engineering data, and system analysis data.

The Commission published a 60-day notice for this information collection

request in the **Federal Register** on April 15, 2022 (87 FR 22524), and received no comments on the 60-day notice.

Type of Respondent: Entities proposing to construct electric transmission facilities pursuant to the

Commission's authority under section 216 of the FPA.

Estimate of Annual Burden: The Commission estimates the annual public reporting burden⁷ for the information collection as:

FERC-729 (OMB CONTROL NO. 1902-0238): ELECTRIC TRANSMISSION FACILITIES

	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden & cost per response ⁸	Total annual burden hours & total annual cost
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)
Electric Transmission Facilities	1	1	1	9,600 \$835,200	9,600 \$835,200

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.
