

## RFS2 Renewable Fuel Producer Co-Products Report (Report Form ID: RFS0701): Instructions for Completing

### Who must report

- Under RFS2, RIN generating producers and importers must submit information about co-products produced during the renewable fuel production process as per 40 CFR §§80.1451(b)(1)(ii)(M)-(N). If a RIN generating renewable fuel producer or if a RIN generating renewable fuels importer generates RINs for a registered foreign producer whose production process produces any co-product in addition to a renewable fuel pursuant to 40 CFR Subpart M, then they must submit a RFS0701 report.

### Reporting deadlines

- Producers and Importers shall report on a quarterly basis:

Production Calendar Quarter	Time Period Covered	Quarterly Report Deadline
Quarter 1	January 1 – March 31	June 1
Quarter 2	April 1 – June 30	September 1
Quarter 3	July 1 – September 30	December 1
Quarter 4	October 1 – December 31	March 31

### The following fields have been added:

- Field 8: Foreign Company ID. This field is required if the reporting party is importing and generating RINs for renewable fuel produced by a registered and accepted foreign company.
- Field 9: Foreign Company Name: This field is required if the reporting party is importing and generating RINs for renewable fuel produced by a registered and accepted foreign company.
- Field 10: Foreign Company Facility ID: This field is required if the reporting party is importing and generating RINs for renewable fuel produced by a registered and accepted foreign company.
- Field 14: Moisture Content: This field is required if DDG or WDG is reported as the co-product in field.
- Field 15: Moisture Content Measure Code: If moisture content was entered in field 14, this field is required.

### The following fields have been updated:

- Field 11: Other Co-Product Description: If DDG, WDG, or GLY is entered in field 10, then “NA” should be entered here.
