SUPPLEMENTARY INFORMATION:

Title: Mariner Cadet Training-Agreements, Compliance Reporting, and Audits.

OMB Control Number: 2133-0553.

Type of Request: Renewal of a Previously Approved Information Collection.

Abstract: In accordance with its delegation of authority at 49 CFR 1.93(a), and pursuant to 46 U.S.C. 50101(a)(4), the Maritime Administration (MARAD) is charged with ensuring that the United States Merchant Marine is manned with trained and efficient citizen personnel. Furthermore, 46 U.S.C. 51322 requires MARAD to protect cadet mariners from sexual assault onboard vessels and in so doing, to set sexual assault policy and to conduct random and targeted unannounced checks of commercial vessels.

MARAD needs to obtain information from commercial vessel operators in order to meet its statutory objective of setting sexual assault policy and monitoring compliance that is essential to meeting its mission of ensuring a well-trained U.S. Merchant Marine.

The Maritime Administration (MARAD) requests comment on MARAD's intention to seek approval from OMB to reinstate without modification a previously approved collection of information concerning vessel operator acceptance of MARAD safety and security tenets, compliance reporting and compliance assessment requirements. MARAD, in consultation with operators of commercial vessels of the United States, established criteria that vessel operators must meet in order to participate in the Sea Year program of the United States Merchant Marine Academy (USMMA) that address sexual harassment, sexual assault, and other inappropriate conduct; and a process for verifying compliance with the criteria. Accordingly, on December 15, 2021,

MARAD published on its website agency guidance entitled *Every Mariner Builds a Respectful Culture* (EMBARC). Embedded within EMBARC is a process that MARAD will use to verify compliance. The EMBARC Standards enumerate new sexual assault and sexual harassment (SASH) prevention and response safety measures that MARAD requires commercial vessel operators to meet before they are approved to carry cadets from the USMMA for training purposes. Along with the EMBARC Standards, MARAD also published a self-assessment checklist, and a statement of compliance that vessel operators are required to submit prior to Sea Year participation. The EMBARC Standards include immediate, intermediate and long-term action items that all vessel operators providing training platforms for cadet mariners should implement. The totality of these efforts will help strengthen the maritime industry's efforts to prevent and respond to incidents of sexual violence and sexual harassment and other forms of misconduct and help ensure a safer training environment for all cadets.

The information to be collected will be used by MARAD to confirm the acceptance of MARAD sexual assault policies by commercial vessel operators and it will help establish a process to oversee and monitor continued compliance through reporting and auditing of commercial vessel operators in this initial enrollment and subsequent Sea Years.
