Response Deadline	
LSV Point of Contact:	

Instructions:

As per the 2 CFR § 200.511 (c) At the completion of the audit, the auditee must prepare, in a document separate from the audit report, a corrective action plan for each audit finding included in the current year auditor's reports.

The corrective action plan must provide the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date. If the auditee does not agree with the audit findings or believes corrective action is not required, then the corrective action plan must include an explanation and specific reasons for each finding/recommendation.

If you agree with the recommendation, enter an Action Plan in the Response block and provide a Planned Completion Date. If you do not agree with the recommendation, provide Justification for your disagreement in the Response block.

Determining the Planned Completion Date: The Planned Completion Date is when all steps or processes listed in the corrective action plan are completed. The date must be realistic and reasonable. The corrective action plan must address each finding or recommendation included in this report and include the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date. If the auditee does not agree with the recommendation, then the corrective action plan must include an explanation and specific reasons.

Please consider current workload; staffing; holidays; major events; internal processes, such as drafting documents and a budget; funding; contracting; and other variables.

Extensions on Planned Completion Dates must be requested in writing and may require notification and approval by the LSV Program Office. Extensions are subject to final approval by the LSV Program Office.

If the Planned Completion Date for a given recommendation precedes submission of this form, documentation supporting the corrective action plan must be submitted with this form.

If you have questions in determining the Planned Completion Date, please contact the LSV point of contact designated in the LSV Point of Contact field.
