I. OVERVIEW

In the *2015 ICS Order*, the Federal Communications Commission (Commission or FCC) charged the Wireline Competition Bureau (Bureau) with implementing requirements designed to help the Commission monitor the rates, fees, and practices of Providers of Calling Services to incarcerated people (Inmate Calling Services or ICS).¹ Specifically, the Commission directed the Bureau to develop an Annual Report that each ICS Provider must file regarding its Inmate Calling Services operations during the preceding calendar year. The Commission also directed the Bureau to develop related instructions and a template to gather this information, and required each ICS Provider to file an Annual Certification declaring its compliance with the Commission's Inmate Calling Services rules during the preceding calendar year. These Annual Reporting and Annual Certification requirements are designed to help ensure transparency in ICS rates, fees, and practices, and to ensure that ICS Providers comply with the Commission's rules.

These instructions and the accompanying templates and certification form are designed to implement the Commission's directives.²

II. GENERAL INSTRUCTIONS AND FILING REQUIREMENTS

A. Who Must File?

Each Inmate Calling Services Provider must submit a complete and accurate Annual Reporting Form (FCC Form 2301(a)) and Annual Certification Form (FCC Form 2301(b)) (collectively, FCC Form 2301) annually. Each group of affiliated Providers shall respond as a single entity, regardless of the number of separately incorporated companies or other entities within that group that provide ICS.

A Subcontractor is classified as an ICS Provider if it partners with or serves an ICS Provider that holds a direct contractual relationship with a correctional authority, and the Subcontractor also provides ICS services to incarcerated people, for example, by completing calls for ICS Customers. A Subcontractor is not exempted from the definition of an ICS Provider on the grounds that it lacks a direct contractual relationship with a correctional authority. Therefore, where a Subcontractor completes calls but the ICS Provider bills Customers for those calls and then pays the Subcontractor, that Subcontractor will also meet the definition of an ICS Provider. By contrast, an entity that only provides billing and collection for inmate calling services provided by a separate entity and remits those revenues to that entity may not meet the definition of an ICS Provider.

Providers (including all Subcontractors that meet the definition of Provider set forth below) must complete and file all sections of FCC Form 2301 unless otherwise indicated.

Throughout these instructions, the terms "you" and "your" refer to any entities that must submit the FCC Form 2301. Part III, below, defines other terms used in these instructions and in the Annual Reporting and Annual Certification Forms.

¹ *Rates for Inmate Calling Services*, WC Docket No. 12-375, Second Report and Order and Third Further Notice of Proposed Rulemaking, 30 FCC Rcd 12763 (2015) (*2015 ICS Order*); see 47 CFR § 64.6060.

² These instructions and the associated template and certification form consolidate and supplant the instructions and template for earlier iterations of the ICS annual reporting and certification requirements. As discussed below, the template consists of a Word document and Excel spreadsheets. For simplicity, we refer to these respective portions of the template as the Word template and the Excel template.

B. What to File

You must fully and completely respond to each request for information in these instructions using the attached Word and Excel templates and certification form. Once finalized, these templates and form will be available at <https://www.fcc.gov/general/ics-data-collections>. You must submit each template in a machine-readable and manipulatable format.

1. Annual Reporting Form

Your Annual Reporting Form shall consist of: (1) a Word document containing responses that require a narrative explanation (see Appendix A to these instructions); and (2) an Excel spreadsheet containing responses that indicate specific numbers, percentages, and / or information (see Appendix B to these instructions).

As a general matter, these instructions direct you to enter your responses to requests for certain information or numbers at specific places in these templates. Provide your narrative responses in the Word template (Appendix A). You must also use the Word template to provide any additional information needed to ensure that your response is full and complete, and to identify and explain any caveats associated with your response.

Unless otherwise stated, provide your responses for the Annual Reporting Form using the Excel template (Appendix B). As a general matter, your entries on the Excel template will require input of specific numbers or percentages (e.g., a Facility's Average Daily Population) or discrete information (e.g., a Facility's geographical coordinates). The Excel template uses "N/A" or "0" as specifically instructed to identify cells in which no data are to be reported. Following the same format, you should add additional rows or columns to this template as necessary to complete your responses.

2. Annual Certification Form

You must complete the Annual Certification Form (see Appendix C to these instructions) regarding the truthfulness, accuracy, and completeness of the Provider's Annual Reporting Form and the Provider's compliance with the Commission's ICS rules.

Submissions will be rejected and returned for correction and resubmission if made without a completed certification form by an officer of the Provider that, based on information and belief formed after reasonable inquiry, the statements and information contained in the Report are accurate and complete.

C. Filing Deadline and Submission

The Annual Reporting and Annual Certification Forms for the preceding calendar year must be submitted by April 1 of each year.

You must submit public versions of your Annual Reporting and Annual Certification Forms by filing the completed forms electronically through the Commission's Electronic Comment Filing System (ECFS), by accessing the ECFS at <https://www.fcc.gov/ecfs/>.

You may file any information that you believe should be afforded confidential treatment pursuant to the guidance and limitations in the Protective Order in this proceeding and by adhering to the standard set forth in section 0.459(b) of the Commission's rules, the *ICS Annual Report Transparency Order*, and

other applicable precedent.³ As the Bureau explained with regard to the 2019 Annual Reports, information regarding “facility names, inmate calling services rates, [and] the amounts of ancillary service charges” is not entitled to confidential treatment, given the “strong public interest in transparency surrounding rates, charges, terms, and fees for inmate calling services.”⁴ Similarly, information on a Facility’s average daily population was not protected from public disclosure.⁵ Absent a compelling showing to the contrary, these determinations will apply to future annual report filings.

Confidential versions of the reports must be submitted to the Secretary’s office using the Excel template provided by the Commission and in a machine-readable and manipulatable format. You must also provide courtesy copies of the confidential filing to the Bureau via email at icsannualreport@fcc.gov.

D. Compliance

We caution Providers that they must proceed in good faith and with absolute candor in preparing and filing their Annual Reporting and Annual Certification Forms.⁶ Persons willfully making false statements in an Annual Reporting Form or Annual Certification Form can be punished by fine or forfeiture, under the Communications Act of 1934, 47 USC. §§ 502, 503(b), or by fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

B. ICS Rates

This section directs you to report Intrastate, Interstate, and International ICS rates you charged at each Facility you served during the Reporting Period. Enter your responses to items IV.B.(1) through IV.B.(9) in the Excel template and your responses to items IV.B.(7)(d), IV.B.(7)(e), IV.B.(8)(e), IV.B.(9)(e), IV.B.(9)(f), IV.B.(9)(g), and IV.B.(9)(h) in the Word template.

(1) Contracting Party: In this column, enter the name the counterparty to each contract for the provision of ICS that the Provider held during the Reporting Period. Identify the specific party with whom the Provider executed the contract (e.g., “[State’s] Department of Corrections”).

(2) Contract Identifier: In this column, provide a unique identifier for each contract for the Provider’s provision of ICS that was in effect during the Reporting Period.

(3) Name of Facilities Covered by Contract: In this column, for each individual contract listed in response to item IV.B.(2), enter the name of every Facility served under that contract during the Reporting Period.

(4) Location of Facilities: In these two columns, enter the complete address and geographical coordinates for each Facility listed in response to item IV.B.(3).

(4)(a) Facility Address: Enter the complete address (street address, city, state, and ZIP Code) of the physical location of each listed Facility.

(4)(b) Geographical Coordinates: Enter the geographical coordinates of each listed Facility.

(5) Facility Type: In this column, indicate whether the relevant Facility is a Prison or a Jail. You may not enter any terms other than either Prison or Jail in this column.

(6) ADP: In this column, provide the ADP that corresponds to each Facility that the Provider listed in response to item IV.B.(3). You may enter only an integer in this column.

(7) Intrastate Rates: In these columns, provide information pertaining to rates you charged for Intrastate ICS calls from each Facility you served during the Reporting Period. For the first two categories listed below—Highest and Year-End—provide, for each Facility: (a) the total amount charged for a 15-minute call; (b) the amount charged for the first minute of that call; and (c) the amount charged per minute for each subsequent minute of that call. If your per-minute rate at a Facility did not vary, then enter the same rate in the relevant sub-columns.

For example, if you provided Intrastate ICS at \$0.11 for the first minute and \$0.10 per minute for each subsequent minute during the first six months of the Reporting Period and at \$0.09 for the first minute and \$0.11 per minute during the remainder of the Reporting Period, your former rate combination would result in total charges of \$1.51 ($0.11 + 0.10 \times 14$) for a 15-minute call and your latter rate combination would result in total charges of \$1.63 ($0.09 + 0.11 \times 14$) for a 15-minute call. You therefore would report \$1.63 in sub-column (7)(a)(i), \$0.09 in sub-column (7)(a)(ii), and \$0.11 in sub-column (7)(a)(iii).

(7)(a) Highest 15-Minute Rate:

(7)(a)(i) 15-Minute Rate: Report the highest amount you charged for a 15-minute Intrastate call from each Facility during the Reporting Period in sub-column (7)(a)(i). If you offered different Intrastate rate plans within the Reporting Period or changed Intrastate rates during the Reporting Period, you must report the rate combination that resulted in the highest 15-minute rate even if a lower 15-minute rate was also available to Consumers at some point during the Reporting Period.

(7)(a)(ii) First Minute Rate: You must break down the highest 15-minute rate you entered in sub-column (7)(a)(i) into two individual per-minute rates and enter the rate for the first minute in sub-column (7)(a)(ii).

(7)(a)(iii) Additional Minute Rate: You must break down the highest 15-minute rate you entered in sub-column (7)(a)(i) into two individual rates and enter the rate for each subsequent minute in sub-column (7)(a)(iii).

(7)(b) Highest Year-End 15-Minute Rate:

(7)(b)(i) 15-Minute Rate: Report the highest amount you charged for a 15-minute Intrastate call from each Facility on December 31 in sub-column (7)(b)(i). If you offered different Intrastate rate plans on December 31, you must report the rate combination that resulted in the highest 15-minute rate even if a lower 15-minute Intrastate rate was also available to Consumers on December 31. For Facilities that you no longer served as of December 31, enter “0.”

(7)(b)(ii) First Minute Rate: You must break down the highest year-end 15-minute rate you entered in (7)(b)(i) into two individual rates and enter the first minute rate in sub-column (7)(b)(ii). For Facilities that you no longer served as of December 31, enter “0.”

(7)(b)(iii) Additional Minute Rate: You must break down the highest year-end 15-minute rate you entered in sub-column (7)(b)(i) into two individual rates and enter the rate for each subsequent minute in sub-column (7)(b)(iii). For Facilities that you no longer served as of December 31, enter “0.”

(7)(c) Average Per-Minute Rate: Report the average per-minute rate you charged for Intrastate ICS calls from each Facility during the Reporting Period. This average shall equal the total Billed Revenues from charges for intrastate ICS calls from the Facility during the Reporting Period (excluding any revenues from Ancillary Services) divided by the total Billed Minutes of Intrastate ICS from that Facility during the Reporting Period.

(7)(d) Alternative Rate Structures: If you have implemented any rate structure other than per-minute rates for Intrastate ICS calls from any Facility, explain in detail in the Word template.

(7)(e) Additional Information: In the Word template, provide any additional information needed to ensure that your entries for Intrastate Rates are full and complete.

(8) Interstate Rates: In these columns, provide information pertaining to rates you charged for Interstate ICS calls from each Facility you served during the Reporting Period. For the first two categories listed below—Highest and Year-End—provide, for each Facility: (a) the total amount charged for a 15-minute call including both the Provider-Related Component and any Facility-Related Component; (b) the amount charged for the first minute of that call; (c) the amount charged per minute for each subsequent minute of that call; and (d) any Facility-Related Rate Component of the amount charged per minute of that call. If your per-minute rate at a Facility did not vary, then enter the same rate in the relevant sub-columns.

For example, if you provided Interstate ICS at \$0.11 for the first minute and \$0.10 per minute for each subsequent minute during the first six months of the Reporting Period and at \$0.09 for the first minute and \$0.11 per minute during the remainder of the Reporting Period, your former rate combination would result in total charges of \$1.51 for a 15-minute call and your latter rate combination would result in total charges of \$1.63 for a 15-minute call. You therefore would report \$1.63 in sub-column (8)(a)(i). If you charged \$0.02 per-minute as your Facility-Related Rate Component, then you must report \$0.09 in sub-column (8)(a)(ii), which asks for the total first minute rate including the Facility-Related Rate Component; \$0.11 in sub-column (8)(a)(iii), which asks for the total additional minute rate including the Facility-Related Rate Component; and \$0.02 in sub-column (8)(a)(iv), which asks for the per-minute Facility-Related Rate Component alone.

(8)(a) Highest 15-Minute Rate:
