You are about to exhaust your normal sickness benefits. For this reason you may receive a smaller check than usual. You are not entitled to extended benefits because you apparently do not have 120 or more months of railroad service and are age 65 or over.

Our records show that you have 080 months of service through 2013, and that you were born in 1987. If you have at least 120 months of service and have not reached age 65, complete the questions below and return this letter to the address shown above. Also, send us a copy of your birth certificate or other proof of age.

Otherwise, you may apply for benefits again on or after July 1, 2015, if you are then unable to work and your 2014 railroad earnings are at least \$3600.00, counting no more than \$1440 for any month.
