[SEC File No. 270-359, OMB Control No. 3235-0410]

Submission for OMB Review; Comment Request: Extension; Rules 17h-1T and 17h-2T

Upon Written Request Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission

("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rules 17h-1T and 17h-2T (17 CFR 240.17h-1T and 17 CFR 240.17h-2T), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 17h-1T requires a covered broker-dealer to maintain and preserve records and other information concerning certain entities that are associated with the broker-dealer. This requirement extends to the financial and securities activities of the holding company, affiliates and subsidiaries of the broker-dealer that are reasonably likely to have a material impact on the financial or operational condition of the broker-dealer. Rule 17h-2T requires a covered broker-dealer to file with the Commission quarterly reports and a cumulative year-end report concerning the information required to be maintained and preserved under Rule 17h-1T.

The collection of information required by Rules 17h-1T and 17h-2T, collectively referred to as the "risk assessment rules," is necessary to enable the Commission to monitor the activities of a broker-dealer affiliate whose business activities are reasonably likely to have a material impact on the financial or operational condition of the broker-dealer. Without this information, the Commission would be unable to assess the potentially damaging impact of the affiliate's activities on the broker-dealer.

There are currently 235 respondents that must comply with Rules 17h-1T and 17h-2T. Each of these 235 respondents are estimated to require 10 hours per year to maintain the records required under Rule 17h-1T, for an aggregate estimated annual burden of 2,350 hours (235 respondents × 10 hours). In addition, each of these 235 respondents must make five annual responses under Rule 17h-2T. These five responses are estimated to require 14 hours per respondent per year for an aggregate estimated annual burden of 3,290 hours (235 respondents × 14 hours).

In addition, new respondents must draft an organizational chart required under Rule 17h-1T and establish a system for complying with the risk assessment rules. The staff estimates that drafting the required organizational chart requires one hour and establishing a system for complying with the risk assessment rules requires three hours. Based on the reduction in the number of filers in recent years, the staff estimates there will be zero new

respondents, and thus, a corresponding estimated burden of zero hours for new respondents. Thus, the total compliance burden per year is approximately 5,640 burden hours (2,350 hours + 3,290 hours).

The retention period for the recordkeeping requirement for the information, reports and records required under Rule 17h-1T is not less than three years. There is no specific retention period or recordkeeping requirement for Rule 17h-2T. The collection of information is mandatory. All information obtained by the Commission pursuant to the provisions of Rules 17h-1T and 17h-2T from a broker or dealer concerning a material associated person is deemed confidential information for the purposes of section 24(b) of the Exchange Act.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95683; File No. SR-ICEEU-2022-010]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing of Proposed Rule Change Relating to Amendments to the ICE Clear Europe Clearing Membership Procedures

September 7, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 30, 2022, ICE Clear Europe Limited (“ICE Clear Europe” or the “Clearing House”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II, and III below, which Items have been prepared primarily by ICE Clear Europe. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed amendments is for ICE Clear Europe to modify its Clearing Membership Procedures (“Clearing Membership Procedures” or “Procedures”) to make certain clarifications and updates.

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICE Clear Europe is proposing to amend its Clearing Membership Procedures to make certain clarifications and enhancements to remove certain provisions that are duplicative of the Clearing House’s Counterparty Credit Risk Policy and

Counterparty Credit Risk Procedures,³ to more clearly document certain practices and to make certain non-substantive changes to improve clarity and readability.

The section describing the purpose of the Procedures would add a defined term referencing the Clearing House’s Clearing Rules. Conforming changes would be made to each reference to the “Clearing Rules” appearing in the remainder of the Procedures.

The section describing the application process would update the names of certain departments responsible for reviewing Clearing Membership applications as follows: such applications (i) would be reviewed by the Credit and Clearing Risk department (this change does not represent a change in departments, rather, it is an inclusion of the relevant department names rather than stating “Risk” generally) and (ii) are subject to the approval of the Executive Risk Committee (rather than simply the “Committee”), which would also be known as “the Committee or “ERC” in shorthand in the Procedures. Conforming changes would be made in the remainder of the Procedures.

A paragraph which provided that the Clearing Risk Department would conduct a credit review which may include a credit check and assessments based on the Clearing House’s Counterparty Ratings System would be removed as the credit review is covered by the Counterparty Credit Risk Policy and Procedures.

The proposed amendments would provide that the list of Approved Jurisdiction for applicants (those jurisdictions for which additional legal and regulatory analysis is not required) would be maintained by the legal department, rather than in the Clearing Membership Parameters. This change reflects current practice as the list of Approved Jurisdictions is currently maintained by the legal department. Further, in order to consolidate information and because the legal department is placed to provide guidance on Approved Jurisdictions, the Clearing Membership Procedures would reflect that such list would be maintained by the legal department only.

The subsection discussing termination of Clearing Membership by ICE Clear Europe would be updated to remove a sentence which provided that the Board is required to approve the issuance of a Termination Notice against

³ The Counterparty Credit Risk Policy and Procedures are described in Exchange Act Release No. 34-93880, SR ICEEU-2021-15 (Dec. 30, 2021) 87 FR 513 (Jan. 5, 2022).
