The Department is committed to ensuring that the data collected by the Household Pulse Survey continue to meet information

needs as they may evolve over the course of the pandemic. This notice serves to inform of the Department's intent to request clearance from OMB to make some revisions to the Household Pulse Survey questionnaire. To ensure that the data collected by the Household Pulse Survey continue to meet information needs as they evolve over the course of the pandemic, the Census Bureau submits this Request for Revision to an Existing Collection for a revised Phase 3.6 questionnaire.

Phase 3.6 includes new questions on the ability to carry out day-to-day activities due to experiencing long COVID, non-parental childcare arrangements and costs of childcare, changes in transportation behaviors due to cost of gas, a series of questions regarding access to infant formula, and inflation and changes in behavior due to increasing prices. Questions on K-12 enrollment and educational catch-up activities will be reinstated for Phase 3.6. There are also modifications to existing questions, including changing the reference period for the unemployment insurance items, adding Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) as a response option to the question that asks about how households meet spending needs, and replacing employment categories with the standard North American Industry Classification System (NAICS) codes. Several questions will be removed for Phase 3.6, including questions on lack of access to childcare, use of public transportation and ridesharing, working or volunteering outside the home, receipt and use of the Child Tax Credit, post-secondary educational disruptions, and telehealth for adults and children.

It is the Department's intention to commence data collection using the revised instrument on or about August 24, 2022. Certain Magnesia Carbon Bricks From the People’s Republic of China: Notice of Covered Merchandise Referral and Initiation of Covered Merchandise Inquiry

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received a covered merchandise referral from U.S. Customs and Border Protection (CBP) in connection with a CBP investigation concerning alleged evasion of the antidumping/countervailing duty (AD/CVD) orders on certain magnesia carbon bricks (bricks) from the People’s Republic of China (China). In accordance with 19 CFR 351.227(b)(1), Commerce is initiating a covered merchandise inquiry to determine whether the merchandise described in the referral is subject to the AD/CVD orders on bricks from China. Interested parties are invited to comment and submit factual information addressing this initiation.

DATES: Applicable July 20, 2022.

FOR FURTHER INFORMATION CONTACT: Brittany Bauer at (202) 482–3860, AD/CVD Operations Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

Section 517(b)(4)(A)(i) of the Tariff Act of 1930, as amended (the Act), provides a procedure whereby if, during the course of an Enforce and Protect Act (EAPA) investigation, CBP is unable to determine whether the merchandise at issue is covered merchandise within the meaning of section 517(a)(3) of the Act, it shall refer the matter to Commerce to make such a determination. Section 517(a)(3) of the Act defines covered merchandise as merchandise that is subject to an AD order issued under section 736 of the Act or a CVD order

issued under section 706 of the Act. Section 517(b)(4)(B) of the Act states that Commerce, after receiving a covered merchandise referral from CBP, shall determine whether the merchandise is covered merchandise and promptly transmit its determination to CBP. Commerce’s regulations at 19 CFR 351.227 establish procedures for covered merchandise referrals that Commerce receives from CBP in connection with an EAPA investigation.¹

On June 30, 2022, Commerce received a sufficient covered merchandise referral from CBP regarding CBP EAPA Investigation No. 7412² which concerns the AD/CVD orders on bricks from China.³ Specifically, CBP explained that an allegation was filed by the Magnesia Carbon Brick Fair Trade Coalition (MCBFTC) alleging that products imported by Fedmet Resource Corporation, LLC (Fedmet) as non-subject Bastion® brand magnesia alumina carbon (MAC) bricks are instead magnesia carbon bricks which are covered by the AD/CVD orders. CBP informed Commerce that CBP is unable to determine whether certain merchandise is covered merchandise subject to the AD/CVD orders on bricks from China. Thus, CBP has requested that Commerce issue a determination as to whether products imported as non-subject Bastion® brand MAC bricks are subject to the AD/CVD orders on bricks from China.

Initiation of Covered Merchandise Inquiry

Commerce is hereby notifying interested parties that it is initiating a covered merchandise inquiry to determine whether the merchandise subject to the referral is covered merchandise within the meaning of section 517(a)(3) of the Act. Additionally, Commerce intends to
