**for 2019 cohort*

15. How did the virtual internship experience impact what you gained from the Hollings scholarship program?
-

Overall Program Experience

16. Please select the extent to which you agree or disagree with the following statements.
(*strongly disagree, disagree, neither agree or disagree, agree, strongly agree*)

My participation in the Hollings scholarship program...

- provided me with multidisciplinary training in oceanic and atmospheric science, research, technology, and education.
- increased my understanding and support for stewardship of the ocean and atmosphere.
- improved my environmental literacy.
- prepared me for a public service career with the National Oceanic and Atmospheric Administration and other natural resource and science agencies at the Federal, State and Local levels of government.
- prepared me for a career as a teacher and educator in oceanic and atmospheric science to improve scientific and environmental education in the United States.

17. Please select the extent to which you agree or disagree with the following statements.
(*strongly disagree, disagree, neither agree or disagree, agree, strongly agree*)

- The Hollings scholarship program was valuable for my academic and professional development.
- I had an overall positive experience with the Hollings scholarship program.
- I would recommend the Hollings scholarship program to other students.
- I feel connected to other Hollings program scholars.
- I feel connected to my internship mentor.
- My personal goals for participating in this program have been met.

18. What recommendations for improvement do you have for the Hollings scholarship program?

Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0568. Without this approval, we could not conduct this survey. Public reporting for this information collection is estimated to be approximately 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NOAA Office of Education, Natasha White, Natasha.White@noaa.gov.

NOAA Routine Uses: NOAA will use this information to evaluate and assess student data and information for the purpose of selecting successful candidates for scholarships, fellowships and internships, generating internal NOAA reports, and articles to demonstrate the success of its program.

Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among NOAA staff for work-related purposes. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice Commerce/NOAA-14, Office of Education, Educational Partnership Program (EPP/MSI); Ernest F. Hollings Undergraduate Scholarship Program and National Marine Fisheries Service Recruitment, Training, and Research Program.

Obligation to Respond: Furnishing this information is voluntary; however, failure to provide information may prevent consideration of your application for the program.
