--- INTERN CONTRIBUTION ---

In this section, we are seeking information that will help characterize the mentor work experience. HPP interns are college freshmen who may be less experienced than interns in other NOAA programs. Further, HPP is a shorter program (4-6 weeks) than other NOAA internship programs. Your responses to the following questions will help us characterize the necessary level of commitment by HPP mentors so that future mentors can calibrate their expectations for interns to add value to their work relative to other NOAA internship programs.

17. Please rate your agreement with the following statement:

Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0568. Without this approval, we could not conduct this survey. Public reporting for this information collection is estimated to be approximately 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NOAA Office of Education, Natasha White, Natasha. White@noaa.gov.

NOAA Routine Uses: NOAA will use this information to evaluate and assess student data and information for the purpose of selecting successful candidates for scholarships, fellowships and internships, generating internal NOAA reports, and articles to demonstrate the success of its program.

Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among NOAA staff for work-related purposes. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice Commerce/NOAA-14, Office of Education, Educational Partnership Program (EPP); Ernest F. Hollings Undergraduate Scholarship Program and National Marine Fisheries Service Recruitment, Training, and Research Program.

Obligation to Respond: Furnishing this information is voluntary; however, failure to provide information may prevent consideration of your application for the program.
