**ADVERTENCIA:
WARNING:**

Se advierte al peticionario/solicitante que evite presentar información personal en los documentos presentados en una solicitud de patente que pueda contribuir al robo de identidad. La USPTO nunca exige información personal tal como números de seguro social, cuentas bancarias o tarjetas de crédito (que no sean cheques o el formulario PTO-2038 de autorización de tarjetas de crédito presentado para fines de pago) en apoyo de una petición o solicitud. Si este tipo de información está incluida en los documentos presentados a la USPTO, los peticionarios/solicitantes deberían considerar quitar dicha información personal de los documentos antes de presentarlos a la USPTO. Se le informa al peticionario/solicitante que el expediente de una solicitud de patente está disponible al público después de la publicación de la solicitud (a menos que en la solicitud se pida que no sea publicada de conformidad con 37 CFR 1.213(a)) o el otorgamiento de una patente. Además, el expediente de una solicitud abandonada también puede estar disponible al público si se hace referencia a ella en una solicitud publicada o una patente otorgada (véase 37 CFR 1.14). Los cheques y los formularios PTO-2038 de autorización de tarjetas de crédito presentados para fines de pago no se guardan en el expediente de la solicitud y, por lo tanto, no están disponibles para el público.

Declaro que todas las declaraciones hechas en este documento son de mi propio conocimiento y son ciertas, y entiendo que todas las declaraciones hechas a mi leal saber y entender son ciertas; y más aún, que estas declaraciones se han hecho con el conocimiento de que las declaraciones falsas intencionales y otras de naturaleza similar son punibles por multa o encarcelamiento, o ambos, de conformidad con 18 U.S.C 1001, y que tales declaraciones falsas intencionales podrían poner en riesgo la validez de la solicitud o de cualquier patente que se haya otorgado al respecto.

Reconozco que cualquier declaración falsa intencional hecha en esta declaración es punible, de conformidad con 18 U.S.C 1001, por multa o encarcelamiento por un término no mayor de cinco (5) años, o ambas penas.

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it contains a valid OMB control number.
