

## Instructions for Completion of the COVID-19 Long-term Care Facility (LTCF) Resident Therapeutics Form ([CDC 57.XXX](#))

| Data Field  | Instructions for Form Completion   |
|---|--|
| NHSN Facility ID #  | The NHSN-assigned facility ID will be <b>auto generated</b> by the system.   |
| CMS Certification Number (CCN)-may be referred to as participation number | <b>Auto generated</b> by the computer, if applicable, based on the CCN entered during NHSN registration or last updated, if previously edited. Please see <a href="#">NHSN CCN Guidance</a> document for instructions on how to add a new CCN or edit an existing CCN.   |
| Facility Name   | <b>Auto generated</b> by the system based on the facility name previously entered during NHSN registration.  |
| Date for which counts are reported  | <b>Required.</b> Select the date on the calendar in which the aggregate counts are being reported.   |
| Facility Type   | <p><b>Auto generated</b> based on the facility type selected during NHSN enrollment. Selections include:</p> <ul style="list-style-type: none"> <li>LTC-ASSIST – Assisted Living Residence</li> <li>LTC-DEVDIS – Long-term Care Facility for the Developmentally Disabled (referred to by CMS as “Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID”).</li> <li>LTC-SKILLNURS – Skilled Nursing Facility <sup>†</sup></li> </ul> <p><sup>†</sup>Includes both skilled nursing facilities and nursing homes</p> <p>Please see NHSN Guidance document for instructions on <a href="#">How to Correct Your Facility Type if the autogenerated information is incorrect</a>.</p> |
| Date Created  | <b>Auto generated</b> based on the first calendar date and time that a user manually enters and saves data or the date the facility first submits a CSV file for a specific pathway. <b>Note:</b> The date and time will automatically generate after the “Save” button is selected and <b>cannot</b> be modified.   |

### Important:

**Report total counts for the below questions only one calendar day during the reporting week and include only new counts since the previously reported counts. If the count is zero, a “0” must be entered as the response. A blank response is equivalent to missing data.**

| Data Field  | Instructions for Form Completion   |   |   |   |              |   |   |                            |   |   |
|---|--|---|---|---|--------------|---|---|----------------------------|---|---|
| <p><b>THERAPEUTIC</b></p> <p>For each therapeutic listed, enter number of residents who received the therapeutic at this facility or elsewhere during the reporting week.</p> | <p><i>Therapeutic</i> is defined as a treatment, therapy, or drug. Monoclonal antibodies are examples of anti-SARS-CoV-2 antibody-based therapeutics used to help the immune system recognize and respond more effectively to the COVID-19 virus.</p> <p>For this reporting week, indicate the number of residents who were treated by one or more of the listed therapeutic, based on:</p> <ul style="list-style-type: none"> <li>• <b>In-house stock</b> that was stored at your facility (specifically, either administered by your LTCF or by an outside entity using stock provided by your LTCF).</li> <li>• Stock that was <b>stored at another facility</b>, such as an infusion center or hospital.</li> </ul> <p><b>Important:</b></p> <ul style="list-style-type: none"> <li>• The reported counts must include only the number of newly administered therapeutics since the last date in which therapeutic counts were reported to NHSN.</li> <li>• If no residents received one or more of the listed therapeutics, a zero “0” should be reported. A blank field is equivalent to missing data.</li> <li>• Counts include resident(s) who received the listed therapeutic during the reporting week regardless if the therapeutic was administered to the resident while in the LTCF or while in another facility.</li> </ul> <p><b>Example:</b> During this reporting week, a total of 4 residents were treated with monoclonal antibodies. Resident A was transferred to the emergency department where he received an infusion with Bamlanivimab (Lilly). Residents B and C were treated in their LTCF with Regeneron’s Casirivimab plus Imdevimab by an infusion nurse who administered the infusions from stock available at the LTCF. Resident D was treated with Bamlanivimab by an infusion nurse who brought the therapeutic from an outside pharmacy.</p> <p>The below data were reported to NHSN for the reporting week.</p> <table border="1" data-bbox="521 1472 1459 1619"> <thead> <tr> <th data-bbox="521 1472 711 1535">Therapeutic</th> <th data-bbox="711 1472 1084 1535">How many residents were treated from stock stored at this facility?</th> <th data-bbox="1084 1472 1459 1535">How many residents were treated from stock that was stored at another facility, such as an infusion center?</th> </tr> </thead> <tbody> <tr> <td data-bbox="521 1535 711 1577">Bamlanivimab</td> <td data-bbox="711 1535 1084 1577">0</td> <td data-bbox="1084 1535 1459 1577">2</td> </tr> <tr> <td data-bbox="521 1577 711 1619">Casirivimab plus Imdevimab</td> <td data-bbox="711 1577 1084 1619">2</td> <td data-bbox="1084 1577 1459 1619">0</td> </tr> </tbody> </table> | Therapeutic   | How many residents were treated from stock stored at this facility? | How many residents were treated from stock that was stored at another facility, such as an infusion center? | Bamlanivimab | 0 | 2 | Casirivimab plus Imdevimab | 2 | 0 |
| Therapeutic   | How many residents were treated from stock stored at this facility?  | How many residents were treated from stock that was stored at another facility, such as an infusion center? |   |   |              |   |   |                            |   |   |
| Bamlanivimab  | 0  | 2   |   |   |              |   |   |                            |   |   |
| Casirivimab plus Imdevimab  | 2  | 0   |   |   |              |   |   |                            |   |   |
