

Hello! We're from RTI International, a non-profit research organization. We're conducting a survey of people who work in the construction industry. Do you work in construction?

[If no, end conversation.] Okay, no problem. Thank you for your time!

[If yes, continue.]

Great! We are interested in learning about your work experiences. Are you willing to take a brief survey? It should take between 25 to 35 minutes of your time, and at the end you will receive a \$50 gift card.

[If no, end conversation.] Okay, no problem. Thank you for your time!

[If yes, continue.]

Would you like to take the survey now? You can use one of our tablets and then I can give you a gift card. If you don't have time right now or you'd rather take it at home or somewhere else, there is information about how to access the survey on this card. [*Hand potential respondent study information card*] You can take it on your own device such as a cell phone, tablet or computer, and then receive the \$50 gift card to your email address. This card also has information about how to learn more about this study.

[Provide tablet if potential participant indicates they would like to take it now. Provide card if they indicate they would rather take it online.]
