

# HHS COVID-19 PUBLIC EDUCATION CAMPAIGN

A campaign to increase vaccine confidence while reinforcing basic prevention measures

## Foundational Focus Group Discussion Guide

**Research Objective:** Examine attitudes, perceptions, and behaviors related to preventive measures (e.g., mask wearing, social distancing, avoiding crowds) and vaccine confidence for those who have had at least one dose of a COVID-19 vaccine.

**NOTE TO REVIEWERS:** The discussion guide is written in a purposefully colloquial style to better engage with participants. Question probes are below some main questions and may change. These are suggestions for the moderator to follow and will be used as deemed relevant and necessary in the natural flow of discussion. The discussion guide is developed for a 90-minute session. Moderator instructions are highlighted in **yellow** and bracketed.

### GUIDELINES AND INTRODUCTIONS (10 MIN)

#### **Guidelines**

Thank you for speaking with me today. My name is \_\_\_\_\_, and I work for a private research company. Today we want to get your thoughts and opinions about COVID-19 and how it is affecting life in the United States. We would also like to better understand what precautions you and your family take when it comes to avoiding infection from the virus.

Before we begin, I want to go over a couple of things:

- There are no wrong answers. Our whole purpose for being here is to hear what you think, so please speak up, especially if what you have to say is different than what someone else is saying. You may represent what a lot of other folks think.
- There may be times I ask you to clarify or ask you to tell more about what you just said. This is simply to make sure I understood and accurately capture what you think, not because I'm challenging your point of view.
- Your participation is voluntary. If I ask any questions you do not wish to answer, you do not have to answer them.
- We want to hear from everyone, but I ask that you speak one at a time, although I understand it can be difficult, especially online. I simply want to make sure I hear everything that everyone says.
- Nothing you say will be tied back to you. Your name and any identifying information will not be used in any of our reports.
- There are some other people listening in who are helping me take notes so that I can fully focus on our conversation and be respectful of your time. At the end of the group, they might have a couple of clarifying questions for us.
- I'll be video recording our conversation; it will only be used to confirm our notes. Only the research staff will have access to this taping and no personally identifiable information will be used in connection with the recording. Does everyone agree to be recorded? **[ASK FOR AGREEMENT THROUGH A SHOW OF HANDS OR HEAD NOD]** I am going to start the recording now.
- Our discussion should take no more than 90 minutes. I appreciate the time that you carved out to be here, and I want to be respectful of that, so I may interrupt us so that we stay on track.

Do you have any questions before we begin?

## **Introductions/Ice Breaker**

I'd like to start by getting to know each of you a bit better. So, I'm going to have everyone go around and share their first name, where you live, and your favorite type of food to make at home.

I can go ahead and get us started.

**[MODERATOR INTRODUCES SELF, ANSWERS THE QUESTIONS, AND THEN HAS EACH PARTICIPANT INTRODUCE THEMSELVES AND RESPOND TO THE ICEBREAKER QUESTIONS.]**

**[MODERATOR TO PROBE AS NEEDED TO GET PARTICIPANTS COMFORTABLE AND TO ESTABLISH RAPPORT.]**

**[MODERATOR: FOCUS ON THE BOLDED QUESTIONS. QUESTIONS IDENTIFIED AS PROBES SHOULD BE USED AS NEEDED TO OBTAIN/CLARIFY INFORMATION. SUBQUESTIONS NOT IDENTIFIED AS PROBES SHOULD BE ASKED AS TIME PERMITS.]**

## **PERSONAL RISK PERCEPTIONS (5 MINUTES)**

Thank you. To start off, I want everyone to think about COVID-19.

- **What is the top thing on your mind today when it comes to the COVID-19 pandemic?**
- 
- **How concerned are you personally about getting COVID-19 now, after receiving a COVID-19 vaccine? [PROBE ON REASONS WHY CONCERNED OR NOT.]**

- **Do mandates impact how often you practice these measures?**

- What are your thoughts about state governments or the federal government relaxing mandates for preventive measures, such as mask wearing or social distancing?
  - o [PROBE]: If you are in a state where mandates have been relaxed, what are your thoughts? Do you feel comfortable with mandates being relaxed? Safe?

### **WRAP-UP (5 MIN)**

- Those are all the questions I have for you. I just want to check to see if any of my colleagues have any final questions.
- Is there anything you would like to share that you have not had the chance to before we wrap up?
- Thank you very much for participating in this discussion. I appreciate your time, and your feedback has been extremely helpful. Please remember not to share anything we've discussed here today.
