

CET – Annotated Questionnaire (Wave 57)

Note: The questions below are the proposed questions for the 57th wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in this wave only or are being asked again to update data on a variable of interest. We will be fielding questions about trust in HHS and CDC, booster eligibility knowledge, vaccine and booster hesitancy, and parents' conversations with their child's pediatrician.

For the next section we would like to talk about current events.
