

New Capacity & Utilization Entry For June 17, 2022

Entering Data For Select One

It is critical to the COVID-19 response that all of the information listed below is provided to the Federal Government on the requested reporting schedule to facilitate planning, monitoring, and resource allocation during the COVID-19 Public Health Emergency (PHE). All fields are mandatory unless otherwise noted in the HHS Guidance.

Note: Provide data entries for all requested fields. Enter 0 or select N/A (if available) if the item is not applicable at your facility.

Note: Some data points in the web form are pre-populated with the most recent non-null submission. Please update each data point as necessary. Learn more about Composite Records.

Upload Data File: Choose File No file chosen

If you do not have the template, please download it from here.

Staffed Bed Capacity

3a. All hospital inpatient beds, 4a. All hospital inpatient bed occupancy, 5a. ICU beds, 6a. ICU bed occupancy, 3b. Adult hospital inpatient beds, 4b. Adult hospital inpatient bed occupancy, 5b. Adult ICU beds, 6b. Adult ICU bed occupancy, 3c. All inpatient pediatric beds, 4c. Pediatric inpatient bed occupancy, 5c. Pediatric ICU beds, 6c. Pediatric ICU bed occupancy

Hospitalizations

9a. Total hospitalized adult suspected or laboratory-confirmed COVID-19 patients, 10a. Total hospitalized pediatric suspected or laboratory-confirmed COVID-19 patients, 11. Hospitalized and ventilated COVID-19 patients, 12a. Total ICU adult suspected or laboratory-confirmed COVID-19 patients, 9b. Hospitalized adult laboratory-confirmed COVID-19 patients, 10b. Hospitalized pediatric laboratory-confirmed COVID-19 patients, 12b. Hospitalized ICU adult laboratory-confirmed COVID-19 patients, 12c. Hospitalized ICU pediatric laboratory-confirmed COVID-19 patients, 13. Hospital onset

Emergency Department

19. Previous day's Emergency Department (ED) Visits, 20. Previous day's total COVID-19-related ED Visits

Previous Day's Admissions

Note: The age brackets under fields 17a and 17b are required to be considered compliant.

Previous Day's adult admissions with laboratory-confirmed COVID-19 and breakdown by age bracket:

17a. Total adult, 17b. Total adult, 18a. Total pediatric, 18b. Total pediatric, 18-19, 20-29, 30-39, 40-49, 50-59, 60-69, 70-79, 80+, Unknown

Therapeutics

Note: For fields 39a - 40d below, report one time a week on Wednesday.

Casirivimab (REGN10933) / Imdevimab (REGN10987) (Therapeutic A)

39a. Current inventory on hand (in courses), 39b. Courses used in the last week

Bamlanivimab and Etesevimab (Therapeutic C)

40a. Current inventory on hand (in courses), 40b. Courses used in the last week

Sotrovimab (Therapeutic D)

40c. Current inventory on hand (in courses), 40d. Courses used in the last week

Staff

Note: Field 24 will always default to "No" for a new submission.

24. Critical staffing shortage anticipated within a week (Y/N) (Optional)

PPE

Note: For fields 27 - 30 below, report one time a week on Wednesday.

27. On hand supply (DURATION IN DAYS):

27b. N95 respirators, 27c. Surgical and procedure masks, 27d. Eye protection including face shields and goggles, 27e. Single-use gowns, 27f. Exam gloves (sterile and non-sterile)

30. Are you able maintain at least a three day supply of these items?

30c. N95 respirators, 30e. Surgical and procedure masks, 30f. Eye protection including face shields and goggles, 30g. Single-use gowns, 30h. Exam gloves

Influenza

33. Total hospitalized patients with laboratory-confirmed influenza virus infection, 34. Previous day's influenza admissions with laboratory-confirmed influenza virus infection, 35. Total hospitalized ICU patients with laboratory-confirmed influenza virus infection

Inactive Federal Data Collection

The below fields have been made inactive for the federal data collection. Hospitals no longer need to report these data elements to the federal government.

Note: State, local, tribal, and territorial (SLTT) partners may have reporting requirements related to or independent of the federal reporting requirements. Facilities are encouraged to work with relevant (SLTT) partners to ensure complete reporting for all partners.

Staffed Bed Capacity

2a. All hospital beds, 2b. All adult hospital beds

Ventilators

7. Total mechanical ventilators, 8. Mechanical ventilators in use

ED/Overflow

8. Mechanical ventilators in use, 14. ED/overflow

Previous Day's COVID-19 Deaths

16. Previous Day's COVID-19 Deaths

Therapeutics

Remdesivir

21. Previous day's Remdesivir used (Optional), 22. Current inventory (Optional)

Bamlanivimab (Therapeutic B)

39c. Current inventory on hand (in courses) (Optional), 39d. Courses used in the last week (Optional)

Please note: Bamlanivimab is no longer authorized for use without accompanying Etesevimab. The value in the field 39d should be 0. Any doses of Bamlanivimab used with accompanying Etesevimab should be reported in field 40b.

Staff

23. Critical staffing shortage today (Y/N) (Optional), 25. Staffing shortage details (Optional)

PPE

26. PPE Supplies, 27. On hand supply (DURATION IN DAYS):, 28. On hand supply (INDIVIDUAL UNITS/"EACHES") (Optional):, 29. Are you able to obtain these items?

Are your PPE supply items managed (purchased, allocated, and/or stored) at the facility level or, if you are part of a health system, at the health system level (or other multiple facility group)?

27a. Ventilator supplies, 28a. N95 respirators (Optional), 28b. Other respirators such as PAPRs or elastomers (Optional), 28c. Surgical and procedure masks (Optional), 28d. Eye protection including face shields and goggles (Optional), 28e. Single-use gowns (Optional), 28f. Launderable gowns (Optional), 28g. Exam gloves (single) (Optional), 29a. Ventilator supplies (any supplies excluding medications), 29b. Ventilator medications, 29c. N95 Respirators, 29d. Other respirators such as PAPRs or elastomers, 29e. Surgical and procedure masks, 29f. Eye protection including face shields and goggles, 29g. Single-use gowns, 29h. Exam gloves, 29i. Are you able to maintain a supply of launderable gowns?

30. Are you able maintain at least a three day supply of these items?, 31. Does your facility re-use or extend the use of PPE? (Optional)

If there are any critical issues, such as supply, staffing, capacity, or other issues about which you would like to receive direct contact, please explain here. (Optional)

30a. Ventilator supplies (any supplies excluding medications), 30b. Ventilator medications, 30d. Other respirators such as PAPRs or elastomers, 30i. Laboratory - nasal pharyngeal swabs, 30j. Laboratory - nasal swabs, 30k. Laboratory - viral transport media, 31a. Reusable/laundable isolation gowns, 31b. PAPRs or elastomers, 31c. N95 respirators

Influenza

36. Total hospitalized patients co-infected with BOTH laboratory-confirmed COVID-19 AND laboratory-confirmed influenza virus infection (Optional), 37. Previous day's influenza deaths (laboratory-confirmed influenza virus infection) (Optional), 38. Previous day's deaths for patients co-infected with both COVID-19 AND laboratory-confirmed influenza virus (Optional)

Vaccinations

Vaccinations for Personnel

41. Previous week's COVID-19 vaccination doses administered to healthcare personnel by your facility (Regardless of series or single-dose vaccine) (Optional), 42. Current healthcare personnel who have not yet received any COVID-19 vaccination doses (Optional), 43. Current healthcare personnel who have received the first dose of COVID-19 vaccination doses (Optional), 44. Current healthcare personnel who have received a completed series of a COVID-19 vaccination or a single-dose vaccination (Optional), 45. Total number of current healthcare personnel (Optional)

Vaccinations for Patients

46. Previous week's number of patients and other non-healthcare personnel who received the first dose in a series of COVID-19 vaccination doses (Optional), 47. Previous week's number of patients who received the final dose in a series of COVID-19 vaccination doses or the single-dose vaccine by your facility (Optional)
