PAPERWORK REDUCTION ACT STATEMENT

BUREAU OF OCEAN ENERGY MANAGEMENT OIL POLLUTION ACT OF 1990 OIL SPILL FINANCIAL RESPONSIBILITY FOR OFFSHORE FACILITIES

The Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) requires us to inform you that the Bureau of Ocean Energy Management (BOEM) collects this information to:

- Provide a standard method for establishing eligibility for oil spill financial responsibility (OSFR) for offshore facilities;
- 2. Identify and maintain a record of those offshore facilities that have a potential oil spill liability;
- Establish and maintain a continuous record, over the liability term specified in Title I of the Oil
 Pollution Act of 1990, of financial evidence and instruments established to pay claims for oil spill
 cleanup and damages resulting from operations conducted on offshore facilities and the
 transportation of oil from offshore platforms and wells;
- Establish and maintain a continuous record of Responsible Parties, as defined in Title I of the Oil Pollution Act of 1990, and their agents or Authorized Representatives for oil spill financial responsibility for offshore facilities; and
- Establish and maintain a continuous record, over the liability term specified in Title I of the Oil
 Pollution Act of 1990, of persons to contact and U.S. Agents for Service of Process for claims
 associated with oil spills from offshore facilities.

The BOEM will routinely use the information to:

- Ensure compliance of offshore lessees and owners and operators of offshore facilities with Title I of the Oil Pollution Act of 1990;
- 2 Establish eligibility of applicants for OSFR; and
- Establish a reference source of names, addresses, and telephone numbers of Responsible Parties
 for offshore facilities and their Authorized Representatives and Guarantors for claims associated
 with oil pollution from designated offshore facilities.

Responses are mandatory (33 U.S.C. 2716). No confidential or proprietary information is required to be submitted. The BOEM considers oil spill financial responsibility demonstrations, including supporting audited financial statements, to be public information open for review under the Freedom of Information Act (5 U.S.C. 552).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) Control Number. The public reporting burden for an application for certification of oil spill financial responsibility is listed below. The burden includes the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the application. The average burden for this form and required information that could comprise a submission is 1 hour.

Comments regarding the burden estimate or any other aspect of this form should be directed to the Information Collection Clearance Officer, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, VA 20166.
